The District shall provide transportation for pupils to schools in the District consistent with provisions of RSA 189:6, RSA 189:9, and RSA 189:9-a.

General Operating Policy

The Superintendent shall establish the bus routes annually and be posted. Bus stops shall be established under the direction of the Superintendent. Drivers may not load or unload pupils at other than authorized bus stops.

Student Conduct on School Buses

Bus drivers have the responsibility to maintain orderly behavior of students on school buses and will report, in writing, misconduct to the student's Principal. Parents of children whose conduct on school buses endangers the health, safety and welfare of other riders will be notified that their children face the loss of school bus riding privileges in accordance with the student discipline code. The Principal will have the authority to suspend the riding privileges of students failing to conform to bus rules and regulations. The Board must approve suspensions of riding privileges that continue beyond ten (10) days.

Resolution of Conflicts

Parents who wish to request a change or exemption from any of the Student Transportation policies shall direct that request to the Principal. If the Principal's ruling does not satisfy the parent, he/she may appeal the ruling within five days to the Superintendent. If the parent is again not satisfied by the ruling as a last appeal, the parent may request to appear before the Board.
