Dear Families,

As part of the Choose Love Enrichment Program we will be conducting a survey with the students in which they rate themselves on a series of statements. This survey will be given at the beginning of the year before we begin the program and again at the end of the year to assess the effectiveness of the program. The information gathered through the survey will be kept confidential and no identifiable information will be shared with anyone outside of the school building. This information will be used to help the teachers guide their instruction. Before administering the survey we need to obtain your permission. Please review the attached survey and return the permission slip by September 9, 2019.
