## INTRODUCTION

IDEA 2004 requires the Mason School District has in effect policies, procedures, and programs that are consistent with the State's policies and procedures and are established in accordance with IDEA 2004 and other relevant federal statutes.

The Mason School District has developed this Special Education Plan and it serves as a tool for the District's implementation of IDEA 2004 requirements in providing programs for children with disabilities. In addition, it provides the required assistance necessary for application for federal special Education funds.

Throughout this manual, there are references to state and federal special Education laws and regulations. To ensure a more readable document, the following abbreviations are used:

**NH Standards** - Refers to New Hampshire Standards for the Education of Children with Disabilities -2008. Amended effective March 24, 2017, amended June 14, 2018, amended August 9, 2018.

**IDEA Regulations** - Refers to sections in 34 CFR Part 300 of the Assistance to States for the Education of Children with Disabilities and Preschool Grants for Children with Disabilities - Final Rules - 8/14/06.

**District/LEA** - Refers to the Mason School District

## **SPECIAL EDUCATION PROCEDURES PLAN**

This Special Education Procedures Plan describes the Mason School District's (referred to as District or LEA) procedures regarding the provision of a free and appropriate public Education (FAPE) to all children with disabilities. The LEA will annually review this Special Education Procedural Plan so that the procedures reflect current federal and state regulations.

This plan has been developed to assure the State Education Agency (SEA), the New Hampshire Department of Education, that the LEA has procedures to meet the eligibility requirement of Part B of the IDEA for purposes of receiving federal funds.

This plan is aligned with 34 CFR Part 300 of the Assistance to States for the Education of Children with Disabilities and Preschool Grants for Children with Disabilities - Final Rules – August 14, 2006 (IDEA 2004) and The New Hampshire Standards for the Education of Children with Disabilities effective March 24, 2017, amended June 14, 2018, amended August 9, 2018 (NH Standards)

SAU 89 provides a free and appropriate public education to students with educational disabilities by offering a range of special Education supports and related services to students ages 3 - 21 that have been determined to be educationally disabled and require specialized instruction.

The special education process is designed to enable parents of students with educational disabilities and the School District to work together to ensure that each child is provided an appropriate education. We believe that parents are an important part of this process and encourage them to take an active role. The Special Education Team is the foundation of the special education process and is comprised of educational professionals and parents. The Special Education Team reviews referrals, plans diagnostic evaluations, determines if students are eligible for special education, writes IEPs and makes placement recommendations. No one person may make a decision regarding a child's special education evaluation, identification, program, or placement.

**1. CHILD FIND**  
**34 CFR 300.111 Ed 1126.01 (b) (1); Ed 1105**  
**Participation with Other Agencies**  
**Ed 1126.01 (b) (10)**

The Mason School District ensures that all children who have disabilities, from age 2.5 to age 21, who reside in the District, and who are in need of special education and related services are identified, located, and evaluated. This applies to all children with disabilities, including highly mobile children (such as migrant and homeless children), children placed in homes for children, health care facilities, or state institutions, and children who are suspected of being eligible under IDEA, even though they are advancing from grade to grade. In addition, this applies to those children attending approved, non-public schools within the geographic boundaries of the District. This responsibility is known as Child Find, and is defined in the NH Standards under section Ed 1105.

For those students who are transitioning from Early Supports and Services to preschool, the District will participate in a transition planning meeting for the purposes of affecting a smooth and timely transition and implementing an Individual Education Program or Individual Family Support Plan by the child's third birthday.

All data and information collected and used under this section are subject to confidentiality requirements as described in Section 2 - Confidentiality.

The District Child Find program includes, at a minimum, the following:

1. The District has established referral procedures, which ensure that all students who are suspected or known to be a child with a disability are referred to the Special Education Evaluation Team for further evaluation. These procedures are found in Section 8 - Pupil Evaluation to Placement.
2. Any person may refer a child to the IEP Team for reasons including but not limited to the following (list is not exhaustive):
  - a. Failing to pass a hearing or vision screening;
  - b. Unsatisfactory performance on group achievement tests or accountability measures;
  - c. Receiving multiple academic and/or behavioral warnings or suspensions/expulsions from a child care or after school program; and
  - d. Repeatedly failing one or more subjects.
  - e. Inability to progress or participate in developmentally appropriate preschool activities; and
  - f. Receiving services from family centered early supports and services.

3. On an annual basis, the District contacts all approved nonpublic private schools (including religious elementary and secondary schools) within its geographic boundaries regardless of where the child resides. The District shall conduct a consultation meeting and advise school officials of the District's responsibilities to identify and evaluate all students who are suspected of or known to be a child with a disability enrolled in such schools. The District shall conduct Child Find activities that ensure equitable participation of private school students with disabilities and provide an accurate count of those students. All Child Find activities conducted for children enrolled in private schools by their parents shall be similar to those activities conducted for children who attend public schools in the District. Referrals from approved nonpublic schools shall be forwarded to an appropriate Special Education Team for further consideration.
4. On an annual basis, the District contacts all community agencies and programs within its geographic boundaries that provide medical, mental health, welfare, and other human services, to advise them of the District's responsibility to identify and evaluate all students who may be a child with a disability. This includes homes for children, health care facilities, or state institutions within the boundaries of the District that may have knowledge of children with disabilities who are involved with the state court and for whom a Special Education program may be appropriate. Referrals from these agencies shall be forwarded to the Special Education Evaluation Team for further consideration.
5. On an annual basis, the District publicizes and disseminates information on its website and through flyers distributed to the town library and church, which describes its Child Find program. This includes a description of the District's Special Education program, supports and services, including a contact person, his/her functions, and the manner by which he/she might be contacted for further information or referral.
6. The District shall annually provide all parents of children with disabilities information regarding their rights and responsibilities under federal and state Special Education law.
7. The District ensures that all referrals from parents and others who suspect or know a child with a disability are forwarded to the Special Education Evaluation Team. The District shall provide the parents with a written notice of any referral other than one initiated by the parent.
8. The District ensures there are continuing efforts related to cultural competency in relationship to public awareness and child find activities, such as the ability to communicate with and relate to parents and families in ways which are

- appropriate to their individual racial, ethnic, and/or cultural backgrounds.
9. The District shall coordinate with area agencies and family centered supports and services to establish a process of District notification of children served by these programs consistent with the interagency agreement between the District and the area agencies providing family centered supports and services.
    - a. Ed 1105.04(a): The District shall develop a written early transition process for children exiting family centered early supports and services which assures that any child who is potentially a child with a disability is evaluated and eligibility for special education is determined prior to the child's third birthday. If a child is determined to be a child with a disability eligible for special education and related services, the District shall ensure that an IEP is developed and implemented on or before the child's third birthday.
    - b. Ed 1105.04(b): The transition process in Ed 1105.04(a) shall include a written interagency agreement between the District and the local area agencies, as defined by RSA 171-A:21-b, responsible for the provision of family centered supports and services in that community.

## **2. CONFIDENTIALITY OF INFORMATION**

### **Ed 1126.01(b)(2); Ed 1119**

The Mason School District adheres to the Confidentiality of Information regulations set forth in the NH Standards, the Federal Family Educational Rights and Privacy Act of 1974 20 U.S.C. 1232G, (FERPA) and the Individuals with Disabilities Education Act (IDEA 2004; 34 CFR 300.610-627), with implementing federal regulations (34 CFR Part 99).

The District provides written notice to fully inform parents about the requirements of this section including:

1. a description of the extent that the notice is given in the native languages of the various population groups residing in the District;
2. a description of the children for whom personally identifiable information is maintained, the types of information sought, the methods the District intends to use in gathering the information (including the sources from whom information is gathered), and how the information will be used;
3. a summary of the policies and procedures that participating agencies must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information; and
4. a description of all of the rights of parents and children regarding this information, including the rights under the Family Educational Rights and Privacy Act of 1974 and IDEA and its regulations.

#### **ACCESS RIGHTS**

The District permits parents to inspect and review any education records relating to their child that is collected, maintained, or used by the District under 34 CFR Part 300. The District will comply with a request without unnecessary delay and before any meeting regarding an IEP, or any hearing pursuant to IDEA and its regulations and in no case more than 14 days after the request has been made.

The right to inspect and review education records under this section includes:

1. the right to a response from the District to reasonable requests for explanations and interpretations of the records;
2. the right to request that the District provide copies of the records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and

3. the right to have a representative of the parent inspect and review the records.

The District may presume that the parent has authority to inspect and review records relating to his or her child unless the District has been advised that the parent does not have the authority under applicable State law governing such matters as guardianship, separation, and divorce Ed 1119.02 (a).

#### **RECORD OF ACCESS**

The District keeps a record of parties obtaining access to education records collected, maintained, or used under Part B of IDEA (except access by parents and authorized employees of the participating agency), including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records Ed 1119.02 (a).

#### **RECORD ON MORE THAN ONE CHILD**

If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

#### **LIST OF TYPES AND LOCATION OF RECORDS**

The District provides parents on request a list of the types and locations of education records collected, maintained, or used by the District.

#### **FEES**

The District may charge a fee for copies of records that are made for parents under this part if the fee does not effectively prevent the parents from exercising their right to inspect and review those records. The District does not charge a fee to search for or to retrieve information.

#### **AMENDMENT OF RECORDS AT PARENT REQUEST**

A parent who believes that information in the education records collected, maintained, or used under this part is inaccurate or misleading or violates the privacy or other rights of their child, may request this information be amended. The District will determine whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request. If the District decides to not amend the information in accordance with the request, it will inform the parent of the refusal and advise the parent of the right to a hearing.

#### **OPPORTUNITY FOR HEARING**

The District, on request from the parent, will provide an opportunity for a hearing to challenge information in education records to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child.

## **RESULT OF HEARING**

If, as a result of the hearing, the District decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, the District will amend the information accordingly and so inform the parent in writing. If, as a result of the hearing, the District decides that the information is not accurate, misleading, or otherwise in violation of the privacy or other rights of the child, it will inform the parent of the right to place in the records it maintains on the child a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the District. Any explanation placed in the records of the child under this section:

1. is maintained by the District as part of the records of the child as long as the record or contested portion is maintained by the District; and
2. if the records of the child or the contested portion are disclosed by the District to any party, the explanation is also disclosed to the party.

## **HEARING PROCEDURES**

A hearing held under this section is conducted according to the procedures under 34 CFR 99.22.

## **CONSENT**

Except as to disclosures addressed in 34 CFR Part 300.535(b) for which parental consent is not required by 34 CFR Part 99, parental consent is obtained before personally identifiable information is (1) disclosed to anyone other than officials of participating agencies collecting or using the information under 34 CFR Part 300, subject to this section or (2) used for any purpose other than meeting a requirement of 34 CFR Part 300. The District will not release information from education records to participating agencies without parental consent unless authorized to do so under Part 99.

The District protects the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. All persons collecting or using personally identifiable information will receive training or instruction regarding IDEA-B policies and procedures under 34 CFR § 300.123 and 34 CFR Part 99. The District maintains, for public inspection, a current listing of the names and positions of those employees within the District who may have access to personally identifiable information.

## **SAFEGUARDS (34 CFR 300.623)**

Each District must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each District must assume responsibility for ensuring the confidentiality of any personally identifiable information. All persons collecting or using personally identifiable information must receive training or instruction regarding the state's policy and procedures under 34 CFR

300.123 and CFR part 99. Each District must maintain, for public inspection, a current list of the names and positions of those employees who may have access to personally identifiable information.

#### **DESTRUCTION OF INFORMATION**

The District informs parents when personally identifiable information collected, maintained, or used under this part is no longer needed to provide educational services to the child. The information is destroyed at the written request of the parents or adult student whose rights have been transferred. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed shall be maintained without time limitation.

#### **CHILDREN'S RIGHTS (Ed 1119.03)**

The District ensures the rights of privacy afforded to children are consistent with those afforded to parents, taking into consideration the age of the child and type or severity of the disability. The age of majority in New Hampshire is eighteen (18) years, thus parental rights regarding educational records in IDEA and FERPA transfer to students at age 18.

#### **DISCIPLINARY INFORMATION (Ed 1119.04)**

The District includes in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child. Such statements shall be included in and transferred with the disabled child's record to the same extent that the disciplinary information is included in and transmitted with the student records of children without disabilities. The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the child transfers from one school to another, the transmission of any of the child's records includes both the child's current Individualized Education Program and any statement of current or previous disciplinary action that has been taken against the child.

**The school district employee who is responsible for ensuring the confidentiality of any personally identifiable information is: Kristen Kivela, Superintendent/Principal, SAU 89.**

### **3. FACILITIES, PERSONNEL & SERVICES**

#### **Ed 1126.01 (b)(3)**

The Mason School District shall take steps to ensure that children with disabilities have equal access to the variety of educational programs and services available to non-disabled children. The District ensures that, to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with students who do not have disabilities. Special classes, separate classes, separate schooling, or other removal of students with disabilities from the regular education environment occurs only when the nature or severity of the disability is such that education in a regular class with the uses of supplementary aids and services cannot be achieved satisfactorily. Placement decisions for children with disabilities shall be made on an individual basis by the IEP Team and in accordance with the procedures in Section 8 - Pupil Evaluation to Placement.

The District shall provide a full range of opportunities, programs and services to meet the unique needs of children with disabilities in the least restrictive educational setting. The District shall ensure that every child with a disability shall have full access to the general curriculum with accommodations and modifications as delineated in the IEP. This includes the provision of non-academic and extra-curricular services. These opportunities shall be provided through public school programs within and outside of the boundaries of the District.

The District shall provide access to vocational training and transition services as appropriate. Vocational and transition services are provided primarily within the District and at the high school level. Other student specific circumstances may be addressed as determined by the IEP Team.

#### **Equipment, Materials and Assistive Technology**

- The District shall provide appropriate instructional equipment and materials, including assistive technology devices and assistive technology services appropriate to implement each student's IEP.

#### **Personnel Standards**

- Teachers of students with disabilities, prior to employment, shall have valid New Hampshire certification with an endorsement appropriate for the disabilities of the students they serve.
- Additionally, Special Education teachers within the District must meet highly qualified teacher requirements for respective teaching assignments as required under 34 CFR 300.18 and 34 CFR 300.156, except as provided in Ed 1113.12 (b) and (c) for paraprofessional personnel.

## **Programs and Services (Table 1100.3: Continuum of Alternative Learning Environments)**

The District provides Educational services to students ages 6-21 with disabilities along a continuum of environments including the following:

### **Regular Education Setting**

- A child with a disability attends the regular class with supports and services as required in the IEP.

### **Resource Room**

- A child with a disability attends the regular class and receives assistance in the Resource Room Program.
- When the regular education setting, with accommodations, modifications, supplementary aides and services is inadequate to meet the needs of the student with a disability, the student may receive assistance (by Team agreement) in a Resource Room setting within the public-school system for a portion of the school day.
- The student can spend no more than 60% of the school day in this setting.
- Instruction provided in the resource setting will ensure each student continued access to the general curriculum.
- The total number of students with disabilities being served in the Resource Room at any given time shall not exceed 12 students without the assistance of support personnel. The maximum number of children in a Resource Room shall not exceed 20 (Ed 1113.10 (f) (4)). The District shall ensure that the resource settings are staffed with personnel who meet state certification requirements and federal "Highly Qualified Teacher" requirements as applicable.

### **Self-Contained Special Education Class (Mason students attending SAU 40, Milford, NH)**

- A child with a disability attends a Special Education class for more than 60% of their day.
- The class is organized either by the needs of the students or by the degree of severity of the disability.
- Self-contained Special Education classes serve students according to chronological age with a range of not more than four years.
- The number of students in a self-contained classroom cannot exceed 12.
- A minimum teacher-student ratio of 1:8 or 2:12 shall be provided unless the severity of disabilities warrants the assignment of additional staff. Maintaining this ratio can be accomplished through the assignment of two teachers or a teacher and a paraprofessional.

### **Separate Approved Special Education Program/School**

- A child with a disability attends a public or privately-operated special day program full-time or part-time.

### **Residential Placement**

- The child attends a privately or publicly approved residential program on a full-time basis.

### **Home Instruction**

- A child with a disability receives all or a portion of her/his Special Education program at home in accordance with Ed 1111.04.

### **Hospital or Institution**

- A child with a disability receives Special Education while in a hospital or institution.

### **Preschool Programs (Table 1100.2: Continuum of Alternative Learning Environments Pre-school)**

Children in preschool programs shall be grouped by age levels with a range of not more than three years. Children with disabilities shall be provided with appropriate Special Education and related services through the District's preschool programs and services.

The maximum number of preschool children in an early childhood Special Education program shall be **12**, regardless of the number of staff members assigned to the program (Ed 1113.10 (d) (3)).

- **Early Childhood Programs:** a preschool child with a disability attends an early childhood program that includes at least 50% nondisabled children.
- **Home:** a preschool child with a disability receives some or all of his/her supports and services in the child's home
- **Early Childhood Special Education Program:** a preschool child with a disability attends an early childhood special education program which can include any of the classrooms described in Ed 1113.10.
- **Service Provider Location:** a preschool child with a disability receives supports and services from a service provider
- **Separate School:** a preschool child with a disability attends a publicly or privately-operated separate day school facility designed specifically for children with disabilities
- **Residential Facility:** a preschool child with a disability attends a publicly or privately operated residential school or residential medical facility on an inpatient basis

### **Home Instruction for School Aged Children (Ed 1111.04)**

- A child with a disability receives all or a portion of his/her Special Education program at home in accordance with Ed 1111.04.
- Home instruction for children at least six years of age but less than 21 years of age shall include no fewer than ten hours per week of specially designed instruction as specified in the child's IEP so that the child will progress in the general curriculum and meet IEP goals.
- Home instruction will include related services in addition to the ten hours of specially designed instruction and will be delivered in accordance with the NH Standards.
- Home instruction shall NOT include parent designed home education programs as authorized in Ed 315.
- Home instruction shall be implemented by personnel qualified in accordance with 34 CFR 300.156 and Section 2122 in the ESEA.

### **Facilities and Location**

- Instructional areas for children with disabilities shall be located in classrooms with students of a similar chronological age and shall be comparable to other classrooms within the school. They shall be located in facilities that are, in the judgment of the IEP Team, in the least restrictive environment.
- The physical space used for classrooms and other instructional programs and school activities for children with disabilities shall be of sufficient size to accommodate program modifications and accommodations necessary to implement the children's IEP and to provide all other learning activities.

### **Length of School Day**

- **Preschool Level** – The IEP Team shall determine the length of the school day for preschool students with disabilities.
- **Elementary-High School** – The school day shall be a minimum of 180 days in each year or the equivalent number of hours approved by the Commissioner of Education, NHDOE, consistent with the provisions of RSA 189:1, 189:2, and 189:24, and 189:25 and ED 306.18-306.21.

When, due to a student's limited physical and/or emotional stamina, the special Education Placement Team recommends a school day of less than the minimum hours above, written consent shall be obtained from the Superintendent of Schools and the parent prior to implementing a shortened school day. A copy of the written consent shall be sent to the State Director of Special Education, a copy to the parent, and another placed in the student's school records. If it would cause a serious adverse effect upon a child's educational progress pursuant to RSA 193:1 I(c), the Superintendent shall not excuse a child from the required minimum school day. The District's obligation to provide a free and appropriate public education to a child shall still be in effect even if the child attends school for a shortened school day.

### **Length of School Year**

The District shall provide a standard school year of at least 180 days or the equivalent number of hours per Ed 1113.15 (see above: Length of School Day). Students with disabilities in need of extended school year programming shall be provided for through the requirements described in Section 8 – Pupil Evaluation to Placement.

### **Supervision and Administration**

The Superintendent of Schools/Principal, the Special Education Administrator, and their designees shall supervise the services and programs provided to students with disabilities.

Paraprofessionals shall work under the direct supervision of appropriately certified personnel and be supervised by the professional under whom they work as often as deemed necessary by the District, but no less than once each week. Paraprofessionals shall implement plans designed by the supervising professionals and monitor the behavior of student(s) with whom they work. They may not design or evaluate the effectiveness of programs.

### **Diplomas**

The Mason School District shall ensure that each child with a disability is entitled to continue in an approved program until such time as the student has earned a regular high school diploma or has attained the age of 21, whichever occurs first, or until the District determines that the student no longer requires Special Education in accordance with Section 8 – Pupil Evaluations to Placement. Mason students in grades 6 - 8 attend Milford Middle School and students in grades 9 – 12 attend Milford High School, Milford, NH.

All children with disabilities in the District shall have an equal opportunity to complete a course of studies leading to a regular high school diploma. A regular diploma from Milford High School shall be issued to all students who:

1. Successfully achieve the minimum number of 26 credits
2. Meet specific course requirements as described in the Milford High School Student Handbook, and
3. Meet all attendance requirements as stated in the Milford High School Student Handbook (and/or Local District Policy).

The term “regular high school diploma” does not include an alternative degree that is not fully aligned with the NH School Approval Standards, such as a certificate or a General Educational Development credential (GED). Any student who receives a diploma/certificate other than the District’s regular high school diploma remains eligible to receive a free appropriate public education until he or she reaches age twenty-one or until the IEP Team, through a formal evaluation process, determines that such student is no longer in need of, and therefore not eligible for, Special Education and related services.

## **4. PERSONNEL DEVELOPMENT**

### **Ed 1126.01 (b) (4)**

A variety of professional development opportunities shall be available to District staff, including job-embedded activities, in-service workshops, conferences and/or formal coursework reimbursed through the District. Staff members of the school district shall participate in child-specific training and professional consultation as required to help them understand various types of disabilities and meet the needs of individual students.

The District has adopted a Professional Development Master Plan to serve as a basic guideline for the operation of its professional development for the five-year period of July 1, 2017 to June 30, 2022. In addition, the District has provided in-service opportunities for staff.

The District shall work to promote a climate that encourages the continuing education and training of all staff within the District. The Professional Development Master Plan shall advance an educational environment in which students receive high exposure to stimulating teachers, instructional materials and activities. Professional development activities that enhance the knowledge and skills of all staff related to the education of children with disabilities and increase their understanding of the diverse needs of all students shall be offered to all teachers, specialists, paraprofessionals, administrators, and other IEP Team members.

**Professional development initiatives for the current and upcoming school year include:**

- **Suicide Prevention Training**
- **Writing Curriculum Training including writing interventions for students who need that support**
- **Reading Curriculum Training**
- **Orton Gillingham Training**
- **Wilson Training**
- **Google Classroom Training**
- **Best Practices in Remote Learning Instruction Training**
- **RAVE-O Training**
- **Project Read Framing Your Thoughts Training**

## 5. PARENT INVOLVEMENT

### Ed 1120

The Mason School District shall actively involve parents in all steps of the Special Education process. In addition to fulfilling legal requirements, the District recognizes the crucial and irreplaceable role parents play in the education of their children. Therefore, consistent efforts will be placed on keeping parents well informed within the context of a collaborative Team process. In part, this is accomplished by the dissemination of Procedural Safeguards Notice and Written Prior Notices as described in Section 7.

#### **Procedural Safeguards Notice (Ed 1120)**

Parents of a child with disabilities will be given the current New Hampshire Procedural Safeguards in Special Education describing the procedural safeguards available to them under state and federal law on an annual basis. In addition, parents will be provided a copy of procedural safeguards:

- Upon initial referral or parent request for evaluation
- Upon receipt of the first State complaint and upon the receipt of the first due process complaint in a school year
- In accordance with discipline procedures
- Upon request by a parent

Procedural Safeguards can also be found online at:

[https://www.education.nh.gov/sites/g/files/ehbemt326/files/inline-documents/2020-04/procedural\\_safeguards\\_handbook.pdf](https://www.education.nh.gov/sites/g/files/ehbemt326/files/inline-documents/2020-04/procedural_safeguards_handbook.pdf)

#### **Written Prior Notice (Ed 1120.03)**

Parents will be officially notified in writing any time the District:

- proposes to initiate or change the identification, evaluation or educational placement of the child or the provision of free and appropriate public education to the child; or
- refuses to initiate or change the identification, evaluation or educational placement of the child or the provision of a free and appropriate public education to the child.

The notification shall include:

1. A description of the action proposed or refused by the district;
2. An explanation of why the agency proposes or refuses to take the action;
3. A description of each evaluation, procedure, assessment, record or report the district used as basis for the proposed or refused action;

4. A statement that the parents of the child with a disability have protection under the procedural safeguards of IDEA (if this notice is not an initial referral for evaluation, the means by which a copy of the description of the procedural safeguards can be obtained);
5. Sources for parents to contact to obtain assistance in understanding the provision of the law;
6. A description of the other options the Team considered and the reasons why they were rejected; and,
7. A description of other factors that were relevant to the agency's proposal or refusal.

**Ongoing parent involvement is supported through the following actions:**

- a. Parents shall receive formal notification when their child is referred for special services, except in the case where the parent was the referring party. Procedural Safeguards and information regarding the Special Education Process shall be provided to the parent at this time.
- b. Within 15 business days of the receipt of the referral, the IEP Team (including the parents) will meet to determine the appropriate course of action.
- c. The IEP Team shall determine if the referral is appropriate and whether there is a need for a comprehensive evaluation. If so, specific evaluations shall be determined by the Team. The district shall provide Written Prior Notice (WPN) and request written permission to proceed.
- d. For initial evaluations, the evaluation process as defined in Ed 1102.02 (n) including a written summary report, shall be completed within 60 days after receipt of parental permission for testing. Ed 1107.01(c)
- e. For re-evaluation, the evaluation process as defined in Ed 1102.02 (n) shall be completed within 60 days after the receipt of parental consent to evaluate or at the conclusion of any extension provided by Ed 1107.01 (e). Upon written consent of the parties, the 60-day time limit required by Ed 1107.01 (d) may be extended by a specific number of days, not to exceed 30 days with the written consent of both parties.
- f. Parents shall be included as part of the Team which determines whether or not the child qualifies as a child with a disability. The Team decision shall be provided by Written Prior Notice to the parent with a request for written approval of the decision.
- g. If a child is determined to be a child with a disability, an IEP will be developed within the next 30 calendar days. As members of the IEP Team, parents are encouraged to be active participants in the IEP process. Parent concerns and input shall be considered in the development of the IEP. Written Prior Notice shall be provided to the parent. The parent must provide written approval before the IEP can be implemented.
- h. Upon approval of the IEP, the IEP Team, including parents, shall determine an appropriate placement for the child. Written Prior Notice is again completed

- and parents must agree in writing to the proposed placement prior to its implementation.
- i. Parents will receive 10 days notice for any meetings held for the purpose of developing or amending the child's IEP and/or determining placement, unless the notification requirement is waived in writing by the parent. All IEP Team meeting notices include the purpose, time, location, and participants expected to attend the meeting. The District shall take steps to ensure that one or both parents of the child with a disability are present at each meeting of the IEP Team and are afforded the opportunity to participate. This includes scheduling the meeting at a mutually agreed upon time and place. Parents and the District are encouraged to use alternative means of participation, such as video conferencing and conference calls in order to include the parent. Meetings will be rescheduled at parent request, unless the parent requests that the meeting continue without him or her in attendance. It is recommended that the District contact the parent a minimum of three times and document the attempts to secure their participation. If these attempts have been unsuccessful, a meeting may proceed without the parents.
  - j. District Special Education staff shall take whatever steps necessary to ensure that the parents understand the proceedings at the meeting, including arranging for an interpreter for parents who are deaf or whose native language is other than English.
  - k. The District shall provide copies of all written documents to parents, including Written Prior Notice, evaluation summary report, and IEP.
  - l. The District shall file a request for appointment of a surrogate parent, to represent a child with a disability, when the parents or guardians are not known, or the student is a ward of the state.
  - m. For a student considered to be an unaccompanied homeless youth, as defined in the McKinney-Vento Homeless Assistance Act, who is or may be a youth with an educational disability, the District shall immediately enroll the child in school for the purposes of attending classes and participating fully in school activities. The District's local homeless education liaison shall have no more than 30 days from the initial date of school enrollment to appoint a surrogate parent for the unaccompanied homeless youth.
  - n. A parent, as defined in Ed 1102.04 (h) or an adult student may authorize an individual to act on their behalf pursuant to a duly executed power of attorney. (Ed 1120.01 (c))
  - o. The District has the authority to initiate court proceedings to authorize initial provision of services, but a due process hearing may not be used in this circumstance. (Ed 1120.04 (d)) (If a parent refuses consent for the initial provision of Special Education services, the LEA shall not pursue the initial provision of Special Education services by initiating a due process hearing under Ed 1123. The LEA shall have the authority to initiate court proceeding to authorize the initial provision of Special Education services).

- p. Districts shall obtain informed parent consent annually and when there is a change in service paid for by public insurance. Parents may refuse permission, but this does not relieve the district of its responsibility to provide services detailed in the IEP. (Ed 1120.08 and Ed 1120.08 (a))
- q. The District, upon a written request for an IEP Team meeting by the parent, guardian, or adult student shall: schedule a mutually agreeable time and date for the meeting, convene the IEP Team on the mutual agreeable time and date, or provide to the parent/guardian/adult student with Written Prior Notice detailing why the LEA refuses to convene the IEP Team that the parent, guardian, or adult student has requested (Ed 1109.06 (b)).

## 6. PUBLIC PARTICIPATION

A copy of the Mason School District's Special Education Policies and Procedures Manual shall be available for review by parents, other agencies, and the general public. Copies of the Manual shall be located at the SAU office and the Mason School District website <http://mason.sau89.org/>.

The Special Education Policies and Procedures Manual shall be reviewed and revised as necessary under the supervision of the Special Education Administrator. When the plan is under review, the public shall be notified and given a minimum of 20 days to review the information and provide written input.

Notice regarding the availability of this manual and its revisions shall be disseminated to the public through formal school District postings.

Each year, the Mason School District submits its "Annual Request for Federal Special Education Funds" to the NH Department of Education for approval. The District shall provide reasonable opportunities for participation of teachers, parents and other interested agencies, organizations, and individuals in the planning for and operation of this program.

## **7. PROCEDURAL SAFEGUARDS**

### **34 CFR 300.54; Ed 1120.01-Ed 1120.08**

The Mason School District shall provide a copy of the current New Hampshire Procedural Safeguards in Special Education to the parents of a child with a disability one time per year. This is typically done at each annual IEP meeting. A copy shall also be given to the parents:

1. Upon initial referral or parent request for evaluation;
2. Upon receipt of the first request for a due process hearing filed in a school year;
3. Upon receipt of the first State complaint in a school year;
4. Upon request by a parent.

The District shall ensure that the parents of children with disabilities are afforded all of the rights and procedural safeguards contained in a federal law and described in the NH Standards (Ed 1120.01-.08) including but not limited to, the right to:

- Receive Written Prior Notice of any action regarding their child which the District proposes or refuses;
- Grant or refuse consent for any District action regarding their child;
- Obtain an independent educational evaluation;
- Appeal specific proposals of the District regarding their child; and
- File a complaint

All of the rights and guarantees included under procedural safeguards shall apply to parents, adult students, and public agencies, which include school districts. These rights shall be transferred to children with disabilities who are emancipated minors or who have attained the age of 18 years and have not been adjudicated as incompetent by a court.

**PLEASE NOTE:** A parent, as defined in Ed 1102.04 (h), or an adult student may authorize an individual to act on their behalf pursuant to a duly executed power of attorney (Ed 1120.01 (c)).

#### **Written Prior Notice**

Parents will be officially notified in writing any time the District:

- proposes to initiate or change the identification, evaluation or educational placement of the child or the provision of a free and appropriate public Education to the child; or
- refuses to initiate or change the identification, evaluation or Educational placement of the child or the provision of a free and appropriate public education to the child

The notification shall include:

1. A description of the action proposed or refused by the district;
2. An explanation of why the agency proposes or refuses to take the action;
3. A description of each evaluation, procedure, assessment, record or report the district used as a basis for the proposed or refused action;
4. A statement that the parents of the child with disabilities have protection under the procedural safeguards of IDEA (if this notice is not an initial referral for evaluation, the means by which a copy of the description of the procedural safeguards can be obtained);
5. Sources for parents to contact to obtain assistance in understanding the provisions of the law;
6. A description of the other options that the IEP Team considered and the reason why those were rejected; and
7. A description of other factors relevant to the district's proposal or refusal.

### **Informed Consent**

The District shall obtain informed, written consent from the parent of a child with a disability prior to:

- conducting an initial evaluation,
- initial provision of Special Education and related services to a child with a disability, annual renewal of the IEP and placement of a child with a disability
- determining or changing the disability classification
- changing the nature or extent of the Special Education or Special Education and related services, or
- conducting a re-evaluation;
- annual access to public insurance or when changes in services paid by public insurance are made; and
- each time the district proposes to access the public insurance.

Parents of children with disabilities shall have 14 days after the receipt of the Written Prior Notice to sign the document included with the notice to indicate consent, consent with conditions, or denial of consent. The 14-day time limit shall be extended if the District and parent mutually agree to an extension.

The District shall advise the parent in writing of the necessity of signing documents that describe actions requiring the parent's consent for the purpose of ensuring the timely provision of appropriate services. Additionally, the District shall advise the parent of the right to access all of the rights and procedures outlined in this section if the parent disagrees with a proposal that the District makes.

The District shall take reasonable measures to obtain consent including, but not limited to phone contact and letters. The District shall document all contacts made or

attempted and the results of these contacts. Copies of all letters and responses received shall be kept in the student's confidential file.

A copy of any document the parent gives consent in writing shall be provided to the parent, and a copy of such document shall also be placed in the child's educational records.

Should a parent either deny consent or not respond to a request for written consent, the District is required to respond in the following ways:

#### **Initial Evaluation**

The LEA is required to obtain informed consent for the initial evaluation. If a parent refuses consent to a proposal included in Ed 1120.04 (a)(1) the LEA shall have the authority to pursue the initial evaluation by the initiation of a due process hearing under Ed 1123. (Ed 1120.05 (c))

#### **Initial Provision of Services**

The LEA is required to obtain informed consent for the initial provision of services. If a parent refuses consent for the initial provision of Special Education services, the LEA shall not pursue the initial provision of Special Education services by initiating a due process hearing under Ed 1123. The LEA shall have the authority to initiate court proceedings to authorize the initial provision of Special Education services. (Ed 1120.05 (d))

#### **Parental Revoking of Consent**

If, at any time subsequent to the initial provision of Special Education and related services, that parent of a child revokes consent in writing for the continued provision of Special Education and related services, pursuant to 34 CFR 300.300 (b) (4) the school district: 1) may not continue to provide Special Education and related services to the child; 2) provide a Written Prior Notice before ceasing the provision of special and related service; 3) may not use the mediation or due process procedures to obtain an agreement or ruling that the service may be provided to the child; 4) may not be considered in violation of the requirement to make FAPE available to the child and; 5) need not convene the IEP Team meeting or develop an IEP for the child.

#### **Re-evaluation and Continuation of Services**

The LEA is required to obtain informed consent for both the re-evaluation and continuation of services. If the parent fails to respond to the request for consent, the District shall implement the proposed changes after the District has taken reasonable measures to obtain informed written consent. If the parent refuses consent for a re-evaluation or the continuation of services, the District shall pursue the re-evaluation or continuation of services through dispute resolution processes.

### **Other Consent Areas**

Public or Private Insurance - The LEA must obtain informed consent from the parent one- time when accessing public insurance and each time for private insurance [Ed 1120.08 (b)]. The LEA must notify the parents that the refusal to allow access to their public or private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents. The district may not initiate dispute resolution processes if a parent refuses to grant consent.

Release of Records - The LEA must obtain informed consent for the release of education records. If the parent refuses consent, the LEA may initiate a court proceeding to obtain a court order for the release of information.

### **Independent Educational Evaluation**

Parents shall have the right to request an independent evaluation at the District's expense if they disagree with an evaluation conducted by the District. If parents request an independent educational evaluation at public expense, the District shall either initiate a due process hearing to show that its evaluation is appropriate or ensure that an independent educational evaluation is provided at public expense, unless it has demonstrated at a hearing that the evaluation obtained by the parent does not meet the District's criteria.

The District may ask for the reason why parents object to the District's evaluation; however, the explanation shall not be required and the District shall not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the District's evaluation.

If a parent obtains an independent educational evaluation at private expense, the District shall consider the results of the evaluation if it meets the District's criteria. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the District uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation. Results of an independent evaluation obtained at parent's expense may be presented as evidence at a hearing regarding the child.

### **Appeal Decisions**

The parent shall have the right to appeal any decision of the District or IEP Team regarding the referral, evaluation, determination of eligibility, IEP, provision of a free and appropriate public education, or placement of a child with a disability using the procedures detailed in the NH Standards - Ed 1122.

A due process hearing can be initiated by either party at any time and will be conducted in accordance with the NH Standards- Ed 1122.

### **Unilateral Placement**

When parents unilaterally place a student with disabilities in a private school, the parents have 90 days to file for a due process hearing seeking reimbursement. RSA 186-C: 16-b, II.

The statute of limitations does not begin to run until:

1. Parents receive notice of the Statute of Limitations and;
2. Proper written notice of their procedural rights pursuant to 20 U.S.C. section 1415 (d), RSA 186-C: 16-b, III.

### **File Complaint**

The parent shall have the right to file a complaint, in accordance with the NH Standards - Ed 1121.01 (a), to report actions taken by the District that are contrary to the provisions of state and federal requirements regarding the Education of children with disabilities.

### **Free or Low-Cost Assistance/Resources**

## 8. PUPIL EVALUATION TO PLACEMENT

The Mason School District implements the Special Education Process utilizing the following sequence:

- a. Referral
- b. Evaluation
- c. Determination of eligibility
- d. Development and approval of IEP
- e. Placement
- f. Ongoing monitoring of the IEP; and
- g. Annual review of the IEP

### **REFERRAL AND DISPOSITION OF REFERRAL (Ed 1106)**

Any student age 2.5 to 21 years suspected of having a disability may be referred to the District by parents, District personnel, or any other concerned party. A child's parents may also contact their child's teacher(s) or other school professional to request an evaluation. This request may be verbal or in writing; however, parents will be asked to place their request in writing and submit it to the building principal (or designee). Assistance in completing this written request shall be available to parents upon request.

Upon receipt of a referral from someone other than parent and prior to the evaluation of a child suspected of being a child with a disability, the District shall immediately send written notification of the referral to the parent. Procedural Safeguards and any other relevant information the District provides to parents will be included with the parent notification.

A meeting will be scheduled and held within 15 business days of receipt of the referral to review the referral and determine the appropriate course of action. At a minimum, the following people shall be invited to be part of the referral Team:

- Parents
- Classroom teacher or (if the child is not in school) another person knowledgeable regarding the student
- Other school personnel as appropriate, and
- A representative of the District with certain qualifications (Ed 1107, Ed 1108)

This District representative shall be qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities, knowledgeable about the general curriculum, and knowledgeable about the availability of District resources.

The Team will review concerns raised in the referral and decide which of the following actions should occur.

1. **Determination that the student is not suspected to be a child with a disability**
  - a. The IEP Team considers information available, including parent concerns, and determines that no evaluation is needed.
  - b. The IEP Team may recommend intervention strategies to be used in the regular class or other District options (Section 504 Team, for example).
  - c. The IEP Team shall document its decision from the meeting in a Written Prior Notice.
  
2. **Determination that the student may be a child with a disability**
  - a. The IEP Team considers information available, including parent concerns, and determines that further evaluation is needed to address concerns and determine if the child is eligible for Special Education and related services.
  - b. The IEP Team may request additional information from outside sources. Parents will be asked to provide written consent for the District to obtain this information.
  - c. The IEP Team shall document its decision(s) in a Written Prior Notice, and request written parental consent for evaluation.

In either situation, if the child’s parent disagrees with the Team’s disposition of the referral, the parent or District may activate the due process procedures (described in Appendix B – Complaint/Dispute Resolution Procedures, Ed 1121). The District shall comply with federal and state law and regulations when accepting referrals and transitioning children from early supports and services programs to preschool programs.

### **EVALUATION (Ed 1107)**

When the Team determines that additional information is necessary, a full and individual evaluation is provided to determine if the child is a “child with a disability” and to determine the educational needs of the child. The IEP Team plans initial evaluations and re-evaluations, and parents are active participants in the evaluation planning process. Evaluations will be provided based on the suspected disability or (disabilities), and in accordance with the NH Standards. The child’s educational history shall be reviewed, including identification of the child’s past opportunities to have acquired important skills and information.

The District shall comply with state and federal laws and regulations relative to initial evaluations, evaluation procedures and re-evaluations, including the additional procedures required for evaluating children with specific learning disabilities.

Written parental consent is required in order for the District to conduct evaluations a part of an eligibility determination. If parental consent for evaluation is not granted, the District shall have the authority to pursue dispute resolution processes. (Ed 1120.05 (c)) Written parental consent shall also be required for individual evaluations that are

necessary to further diagnose the needs of a child who has previously been determined to be a child with a disability.

The District shall complete all initial evaluations within 60 calendar days of receipt of written consent from the parent. The District shall complete all re-evaluations within 60 calendar days of receipt of written consent from the parent. When circumstances warrant additional time to complete re-evaluations, a one-time only extension UP TO 30 days may be granted upon written consent of the parties (Ed 1107.01 (d)). A copy of this written agreement will be placed in the child's confidential file with the signed permission to test. When an extension is requested, the Team shall make every effort to complete the evaluation in the shortest amount of time possible.

If a child with a disability moves into the District from another NH District his/her disability identification will be honored without delay.

If the child is moving into the District from another state, an IEP Team meeting will be convened as soon as possible to review the types of evaluations that have previously been conducted and to plan any further evaluations necessary to determine eligibility in accordance with the NH Standards. If evaluations are not sufficient or current, further evaluations will be conducted as per Team agreement. Formal eligibility as a child with a disability, as defined in the NH Standards, shall be determined within 60 calendar days of receipt of parental permission to evaluate. The student will receive special services in accordance with the out of state IEP during this interim period.

The District shall ensure that evaluation materials and instructions are presented in the child's native language or other mode of communication and in the form most likely to yield information on what the child knows, and can do academically, developmentally and functionally, unless it is clearly not feasible. Standardized tests and materials in the child's native language shall be used whenever possible. If it is not possible to administer a test in this manner, the test will not be used. (Ed 1109.03 (h))

Examiners shall be responsible for selecting current assessment tools that have been demonstrated to be reliable and valid. The District shall periodically review and consistently update test materials to the most current editions. Examiners shall be expected to use all test materials for their intended purpose. If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard condition must be included in the evaluation report. The District shall ensure that all evaluators are qualified according to the NH Standards (See Table 1100.1 – Ed 1107.04). Each evaluator shall prepare a test report reflecting the data and their conclusions.

**DETERMINATION OF ELIGIBILITY FOR SPECIAL EDUCATION Ed 1107, Ed 1108, Ed 1108.01 (a), Ed 1109.03 (h)**

It shall be the policy of the Mason School District to evaluate students suspected of having a disability in a manner consistent with the procedures and standards included in the District's Special Education Policies and Procedures Manual and with the Eligibility Determination Forms by Disability.

Upon the completion of the administration of tests, and other evaluation materials, a Team of qualified professionals and the parent of the child will meet to review the results and recommendations of the evaluations and to determine whether the child is a child with a disability and that the child requires specialized instruction. At this meeting, Team members will draw upon information from a variety of sources, including aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. They must ensure that the information obtained from all of these sources is documented and carefully considered. The Team will complete a written summary containing the results of the various diagnostic findings and forward a copy of the report to the parent and maintain a copy for the child's records. The report shall include, at a minimum:

1. The results of each evaluation procedure, test record, or report;
2. A written summary of the findings of the procedure, test record, and/or report; and
3. Information regarding the parent's right of appeal in accordance with the NH Standards – Ed 1120 and a description of the parent's right to an independent evaluation in accordance with the NH Standards – Ed 1107.03.

**PLEASE NOTE:** The District shall provide the report to the parents 5 days prior to the Team meeting. The report will be sent via U.S. mail unless the parents and District agree upon another method of delivery – Ed 1107.04 (d).

A child may not be determined eligible if the determining factor for the eligibility decision is lack of instruction in reading or math, limited English proficiency, or the child does not otherwise meet the eligibility criteria under state guidelines. If a determination is made that a child has a disability and needs Special Education and related services, a meeting to develop an IEP shall be conducted within 30 calendar days of the eligibility meeting.

**ADDITIONAL PROCEDURES FOR EVALUATING CHILDREN WITH SPECIFIC LEARNING DISABILITIES (34 CFR § 300.307)**

Mason School District specific learning disabilities procedures will be utilized to determine the existence of a specific learning disability using multiple sources of data to identify a child's pattern of strengths and weaknesses in performance, achievement, or both, relative to age, intellectual development, and state approved grade-level standards. A specific learning disability is determined through professional judgment

using multiple supporting evidences. The manner in which a student responds to instruction and interventions will also be considered in the determination of eligibility as a child with a specific learning disability.

### **Evaluation requirements for Children with Specific Learning Disabilities (Ed 1107.02)**

- (a) For the purposes of evaluating whether a child has a specific learning disability one or more of the following criteria shall be used:
  - (1) A discrepancy model between intellectual skills and achievements;
  - (2) A process that determines if the child responds to scientific, research-based intervention as part of the evaluation procedures described in 34 CFR § 300.307 (a) (2); and
  - (3) Other alternative research-based procedures as described in 34 CFR § 300.307 (a) (3).
- (b) Each LEA shall adopt a policy describing the evaluation procedures and standards that will be used to evaluate whether a child has a specific learning disability.

### **Determination of eligibility of Specific Learning Disability**

When a child is suspected of having a specific learning disability, the District shall comply with the additional evaluation requirements for this disability category.

- A. A Team may determine that a child has a Specific Learning Disability if:
  1. The child does not achieve adequately for his/her age or to meet State-approved grade-level standards in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child's age or State-approved grade-level standards:
    - Oral Expression
    - Listening Comprehension
    - Written Expression
    - Basic Reading Skills
    - Reading Fluency Skills
    - Reading Comprehension
    - Mathematics Calculation
    - Mathematics Problem Solving
  2. The child does not make sufficient progress to meet age or State-approved grade-level standards in one or more of the areas identified in paragraph 1 of this section when using a process based on the child's response to scientific, research-based interventions or
  3. The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade-level standards, or intellectual development, that is determined by the Team to be relevant to the identification of a Specific Learning Disability, using appropriate assessments, consistent with §§ 300.304 and 300.305 and
  4. The Team determines that its findings are not primarily the result of:

- A visual, hearing, or motor disability
- Intellectual disability
- Emotional Disturbance
- Cultural factors
- Environmental or economic disadvantage
- Limited English proficiency

**PLEASE NOTE:** The NH DOE clarifies that the initial evaluation of a child suspected of having a Specific Learning Disability requires an intelligence test. Academic/Performance/Achievement assessments, classroom observations and vision and hearing screenings are also required.

5. Teams must consider the student’s achievement measured against expectations for the child’s age and grade level standards/expectations set by the state.
- B. In order to ensure that underachievement in a child suspected of having a Specific Learning Disability is not due to lack of appropriate instruction in reading or math, the Team must consider, as part of its evaluation:
1. Data that demonstrate that prior to, or as part of, the referral process, the child was provided appropriate instruction in regular education settings delivered by qualified personnel; and
  2. Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child’s parents.
- C. The District shall promptly request parental consent to evaluate the child to determine if the child needs Special Education and related services, and shall adhere to the established timeframes.
1. If, prior to a referral, the child has not made adequate progress after an appropriate period of time when provided instruction; and
  2. Whenever a child is referred for an evaluation.

**Observation**

- A. At least one team member other than the child’s regular teacher shall observe the child’s academic performance in the regular classroom setting.
- B. The LEA must ensure that the child is observed in the child’s learning environment (including the regular classroom setting) to document the child’s academic performance and behavior in the areas of difficulty.
- C. In the case of a child of less than school age or out-of-school, a team member shall observe the child in an environment appropriate for a child of that age.

## **Written Report**

- A. For a child suspected of having a specific learning disability, the documentation of the team's determination of eligibility shall include a statement of:
  1. Whether the child has a specific learning disability;
  2. The basis for making the determination;
  3. The relevant behavior noted during the observation of the child;
  4. The relationship of that behavior to the child's academic functioning; and educationally relevant medical findings, if any;
  5. Whether the child does not achieve adequately for the child's age or to meet State-approved grade level standards; and the child does not make sufficient progress to meet age or State-level standards, or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both relative to age, State-approved grade level standards or intellectual development.
  6. The determination of the team concerning the effects of visual, hearing, or motor disability; intellectual deficiency; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child's achievement level (300.311); and
  7. If the child has participated in a process that assesses the child's response to scientific, research-based intervention strategies used, data collected, strategies for increasing learning, and parents right to request an evaluation.
  
- B. Each team member shall certify in writing whether the report reflects his or her conclusion. If it does not reflect his or her conclusion, the team member must submit a separate statement presenting his or her concerns.

## **RE-EVALUATION**

The District shall ensure that a re-evaluation of each child with a disability is conducted at least once every three years or sooner if the child's parent or teacher requests a re-evaluation.

The IEP team, including parents as active participants and other qualified professionals as appropriate, shall plan re-evaluations. The Team may determine that previous assessments used to determine eligibility are still considered to be valid. Such decisions must be documented in the Written Prior Notice form.

## **INDEPENDENT EDUCATIONAL EVALUATIONS (Ed 1107.03)**

Parents of a child with a disability have the right to obtain an independent educational evaluation at public expense if they disagree with an evaluation conducted by the District.

If parents request an independent educational evaluation at public expense, the District shall either initiate a due process hearing to show that its evaluation is appropriate or ensure that an independent evaluation is provided at public expense, unless it has

demonstrated at a hearing that the evaluation obtained by the parent does not meet the District's criteria.

The District may ask for the reason why parents object to the District's evaluation, however, the explanation shall not be required and the District shall not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the District's evaluation.

If a parent obtains an independent educational evaluation at private expense, the District shall consider the results of the evaluation if it meets the District's criteria. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the District uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation. The agency criteria determined by the District shall not be so restrictive that it effectively prohibits parent's choice (Ed 1107.03 (c)). Results of an independent evaluation obtained at parents' expense may be presented as evidence at a hearing regarding the child.

#### **DEVELOPMENT OF THE INDIVIDUALIZED EDUCATION PROGRAM (IEP) (Ed 1109)**

A team approach shall be used to develop an IEP for each child with a disability. The IEP team shall include:

1. The parents of the child
2. Not less than one regular education teacher of the child (if the child is, or may be, participating in the regular education environment)
3. Not less than one Special Education teacher of the child, or, where appropriate, not less than one Special Education provider of the child
4. A representative of the public agency who
  - a. Is qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of children with disabilities
  - b. Is knowledgeable about the general curriculum
  - c. Is knowledgeable about the availability of resources of the public agency
5. An individual who can interpret instructional implications of evaluation results
6. Other individuals who have knowledge or special expertise regarding the child (at the discretion of the parent or District)
7. Transition service representative, if applicable
8. If appropriate, the child

A team member may be excused from the whole or part of the meeting if the parent and the District agree the member's area of curriculum or related services is not being modified or discussed.

**PLEASE NOTE:** The District or parent shall notify the other party **72 hours** before a scheduled meeting or upon learning of the expected absence of a team member, whichever is earlier (Ed 1103.01 (d)).

The team member may be excused only if the parent and the district provide written consent to the excusal. The team member must submit written suggestions about the development of the IEP to the parent and IEP team prior to the meeting.

In the case of a child who was previously provided services through Early Supports and Services (Part C of the IDEA), an invitation to the initial IEP Team meeting shall, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

Team members may, at times, fulfill more than one role. IEP's shall be developed collaboratively and include all necessary components as designated in state and federal laws and regulations. Transition goals, related services and/or supports shall be included in the discussion and incorporated into the IEP as appropriate. This includes transition to adult life as well as transitions from grade to grade, school to school or from one agency to another. Necessary supports to ensure successful transitions will be documented.

When a vocational education component is being considered for a child with a disability, vocational assessment(s) shall be administered to the child by diagnosticians qualified as specified by the publisher of the assessment. The IEP team membership shall include an individual knowledgeable about the vocational program(s) being considered. If the IEP team determines that vocational education is to be provided, a vocational education component shall be included as an integral part of the IEP. Goals and objectives, as well as, any appropriate accommodations and/or modifications, will be developed for the IEP unless the student will participate in the vocational class/program without the need for modifications. Transition goals related to vocational programming will be reflected in the Individual Transition plan and in the summary of the child's academic achievement and functional performance (completed before graduation from secondary school with a regular diploma or exceeding the age of eligibility for FAPE).

The District shall ensure that each child with a disability has access to appropriate instructional equipment and materials for the proper and timely implementation of the IEP, including assistive technology devices or aids.

The District shall provide each teacher and service provider listed as having responsibilities for implementing the IEP with a copy of the complete IEP for working and monitoring purposes. In addition, the District shall provide a private school or non-district provider responsible for implementing the IEP with a copy of the IEP on or before the first day of placement. The NHDOE interprets this to mean a paper copy. (Ed 1109.04)

The District shall maintain written evidence documenting implementation of the child's IEP, including, but not limited to:

1. All Special Education and related services provided;
2. Any supplementary aids and services provided;
3. Program modifications made; and
4. Supports provided for school personnel implementing the IEP.

The IEP team shall determine the appropriate duration of an IEP, which shall not exceed 12 months. The IEP shall be reviewed annually and, if necessary, revised. The District shall conduct annually, at or near the end of the term of the IEP, a meeting for the purpose of assessing the effectiveness of the present program, and to design an IEP, including Extended Year Services, if determined by the IEP team to be necessary for FAPE.

The District shall seek to obtain informed consent from a parent on the IEP before providing Special Education and related services to a child.

If, at any time subsequent to the initial provision of Special Education and related services, the parent of the child revokes consent in writing for the continued provision of Special Education and related services, the District:

- May not continue to provide Special Education and related services to the child;
- Will provide a Written Prior Notice before ceasing the provision of Special Education and related services;
- Will not use the mediation or due process procedures to obtain an agreement or ruling that the services may be provide to the child;
- Will not be considered in violation of the requirement to make FAPE available to the child; and
- Need not convene an IEP Team meeting or develop an IEP for the child (Ed 1120.05 (d)).

If a parent refuses to consent to the provision of Special Education and related services other than the initial provision of such services, the District shall initiate a due process hearing as specified in Ed 1123.

At any time, the parent or District can request another meeting to discuss any areas of concern regarding provisions in the IEP.

#### **IEP DEVELOPMENT FOR STUDENTS WHO TRANSFER**

If a child with a disability who had an IEP that was in effect in a previous New Hampshire school district transfers to the Mason School District during the same year, the District shall consult with the child's parents and provide services comparable to those described in the child's IEP from the previous District, until it either adopts the child's previous IEP, or develops, adopts, and implements a new IEP for the student.

If a child with a disability transfers from a district outside of New Hampshire, the Mason School District shall additionally determine if an evaluation is necessary in order to complete the previously described IEP process for the new student. The District shall provide a free appropriate public education, including services comparable to those described in the child's IEP from the previous District during this process.

#### **MONITORING AND RE-EVALUATION (Ed 1109.06)**

The District shall develop and implement procedures to ensure that IEPs are monitored in a regular and systematic manner. Student progress shall be monitored continually so that adjustments can be made as needed to ensure that each student is progressing adequately toward the goals and benchmarks/objectives in his or her IEP. Progress shall be monitored in accordance with the IEP through a variety of means such as consultation, observation, work samples and post testing. Parents will be notified of their child's progress throughout the year at least as often as parents of children without disabilities are notified of their child's progress. If a student is not progressing adequately toward the goals and benchmarks/objectives in the IEP, a meeting shall be called to discuss possible IEP or program adjustments which may facilitate progress. Conversely, if a student has met or exceeded the goals and benchmarks/objectives in the IEP, the IEP will be amended to reflect new goals.

The IEP Team may be reconvened at any time to review the provisions of the IEP. The District shall, upon a written request for an IEP Team meeting, schedule a mutually agreeable time and date, convene the IEP Team, or provide the parent/guardian/adult student with Written Prior Notice detailing why the District refuses to convene the requested meeting. All of the above must be completed within 21 days.

**PLEASE NOTE:** Both IDEA (34CFR200.324 (a) (4)) and NH Standards (Ed 1109.03 (h)) allow the parents and district to agree to amend or modify the IEP without a meeting and to develop a written plan to amend or modify the IEP which must be shared with all IEP team members.

#### **PLACEMENT OF CHILDREN WITH DISABILITIES**

The District shall ensure that, to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, shall be educated with children who do not have disabilities. Special classes, separate classes, separate schooling, or other removal of children with disabilities from the regular educational environment shall occur only when the nature or severity of the disability is such that education in regular classes with the uses of supplementary aids and services cannot be achieved satisfactorily.

**IEP TEAM Ed 1103.01 (a)**

The IEP Team (including the parents) shall make placement decisions in accordance with state and federal laws and rules. For each child with a disability, the IEP Team shall include:

1. The parents of the child
2. Not less than one regular education teacher of the child (if the child is, or may be, participating in the regular education environment)
3. Not less than one special education teacher of the child, or, where appropriate, not less than one special education provider of the child
4. A representative of the public agency who
  - a. Is qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of children with disabilities
  - b. Is knowledgeable about the general curriculum; and
  - c. Is knowledgeable about the availability of resources of the public agency
5. Other individuals who have knowledge or special expertise regarding the child (at the discretion of the school district)
6. Transition service representative, if applicable, Ed 1109.01 (a) (10)
7. If appropriate, the child

**PLACEMENT DECISIONS (Ed 1111)**

The decision where a child with a disability receives supports and services shall occur after the development and approval of the individualized education program (IEP). The placement decision shall be based on the unique educational needs of the child as specified in the individualized education program and the requirements for placement in the least restrictive environment (LRE).

In making placement decisions, the IEP Team shall:

1. Draw upon information from a variety of sources, including but not limited to aptitude and achievement tests and teacher recommendations;
2. Consider information about the student's physical condition, social or cultural background, and adaptive behavior;
3. Ensure that information obtained from all of these sources is documented and carefully considered;
4. Ensure that the placement decision is made by a group of persons knowledgeable about the child, the meaning of the evaluation data, and the placement options;
5. Ensure that the placement decision is made in conformity with the Least Restrictive Environment. That is, to the maximum extent appropriate, children with disabilities, including public or private providers of special education, are educated with children who do not have disabilities and that, consistent with 34 CFR 300.114, special classes, separate schooling, or other removal of children with disabilities from the regular education environment occurs only when the nature of the severity of the disability is such that education in regular classes

with the use of supplementary aids and services cannot be achieved satisfactorily – Ed 1111.01 (a).

The District shall offer a continuum of alternative learning environments from least restrictive to most restrictive. These learning environments shall range from regular classes to a home environment and shall be available for children with disabilities including children of preschool age. Supplementary services shall be provided in conjunction with regular class placement – Ed 1111.03.

Each child's educational placement shall be reviewed annually and shall be based on his/her individualized education program (IEP). The placement shall be as close as possible to the child's home. If possible, a child with a disability shall be educated in the school he/she would attend if a disability did not exist. The least restrictive environment shall be selected with consideration given to any potentially harmful effects to the child or on the quality of services described in the child's individualized education program.

The District shall ensure that children with disabilities participate with non-disabled peers, to the maximum extent possible, in non-academic activities such as recess, lunch, and specials (art, music, PE).

The District shall ensure that parents are afforded the same notification for placement meetings as they receive for IEP meetings, including a minimum of 10-day notice, unless a the 10-day notice requirement is waived in writing. Special education placements shall require written consent from parents prior to implementation, and shall be determined at least annually.

Graduation from high school with a regular high school diploma shall constitute a change in placement, requiring Written Prior Notice and parental consent. Graduation from high school with a regular high school diploma does not however, require evaluations to discharge from special education services. A summary of performance shall be developed by the student, IEP Team, and parents to facilitate information sharing after the student leaves school.

#### **HOME INSTRUCTION (Ed 1111.04)**

The District shall provide students with home instruction as follows:

1. Preschool students with disabilities may receive all or a portion of their special education program at home depending upon the need as specified in the IEP
2. Children with disabilities ages 6-21 may receive a home instruction program on a temporary basis. Such programs shall minimally include 10 hours per week of specially designed instruction as specified in the student's IEP and shall also include educationally related services as specified in the child's IEP. Related services to be provided shall be in addition to the 10 hours of specially designed instruction. Services shall be implemented by qualified personnel.

3. Home instruction for a child at least 6 years of age but less than 21 years of age shall offer access to the general curriculum and allow students to participate with non-disabled children to the maximum extent appropriate to the need of the student.
4. Except as noted in Ed 1111.04 (g), temporary home-based programming shall not exceed 45 days in a school year.
5. Home-based programs described in 1111.04 shall not include parent designed home education programs as authorized in Ed 315.
6. A child with a disability who is in a hospital or institution shall receive special education or special education and educationally related services in that setting.

**EXTENDED SCHOOL YEAR SERVICES (ESY) (Ed 1110)**

Extended school year services are special education and related services provided to a child with a disability beyond the normal school year and in accordance with the child's IEP, and at no cost to the parents of the child. The District shall ensure that ESY services will be available as necessary to provide each child with a disability a free, appropriate public education.

The child's IEP Team shall determine the child's need for extended school year services. The District shall not limit extended school year services to particular categories of disability or unilaterally limit the type, amount or duration of those services. The District shall provide extended school year services at times during the year when school is not in session, if determined by the IEP Team to be necessary for the provision of FAPE, and shall not limit ESY services to summer months.

**PLEASE NOTE:** ESY services provided in non-special education or non-district programs shall be supervised on site by appropriately certified District personnel no less than once a week – Ed 1110.01 (c). The certification requirements for ESY personnel are the same as during the school year.

## **9. STATE DEPARTMENT OF EDUCATION MONITORING OF EDUCATIONAL SERVICES AND PROGRAMS FOR CHILDREN WITH DISABILITIES – PROGRAM EVALUATION Ed 1126.01 (b) (9)**

The Mason School District is committed to providing effective, high quality special education services to all children with disabilities. The District continually evaluates the special education and educationally related services it provides to children with disabilities to ensure that all students' unique needs are met.

The District determines, at least annually, the degree to which special education and related services being provided for children with disabilities are effectively meeting the students' needs. As part of its evaluation activities, the District also identifies deficiencies and plans for future needs.

Evaluation of the overall functioning, efficiency, and success of the special education programs offered by the District is conducted through a combination of objective and subjective techniques. This process includes an internal monitoring and review component that considers both individual and general program impact, as well as, an external review process which consists of the NH Department of Education Program Approval and Improvement Process.

### **Individual Program Impact**

The effectiveness of students' individualized education programs is determined through a careful analysis conducted by each child's IEP Team. The IEP Team monitors the child's progress toward achieving the measurable goals, including post-secondary goals when age appropriate, detailed in the student's IEP. Evaluation measures may include:

- Curriculum based measurement
- Student Observation
- Post testing and diagnostic re-evaluations
- IEP progress reports
- Report cards
- Input from parents
- Student movement from more restrictive to less restrictive educational settings

### **General Program Impact**

Participation in state and district-wide assessments is part of the statewide accountability system that helps to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education through the New Hampshire Curriculum. The Mason School District ensures that all students with disabilities have the opportunity to participate in state and district-wide assessments with appropriate

accommodations as necessary, to show what they know and can do, and how they are progressing, based upon challenging state academic achievement standards.

Decisions about accommodations are determined by IEP Teams and are specified in each student's IEP. Students currently in grades 2, 3, 4, 5, 6, 7, and 10, who are identified by their IEP Teams as appropriate for alternate statewide assessment based upon alternate achievement standards, will be included in New Hampshire's Alternate Portfolio Assessment of Reading, Writing, and Mathematics skills, also known as: NH-ALT. This process begins each school year in September and ends in April for participating students.

In a similar manner, the IEP Team determine alternate forms for district-wide assessments to be provided for all eligible students.

Results of group assessments are formally analyzed by District staff to determine trends and patterns that may reflect areas in need of improvement. Instructional decisions are made in accordance with the analysis of assessment results in order to more effectively meet the needs of all students. Alternate assessments are examined in order to reflect on progress, programming needs, and potential adjustments that may be needed for students with more significant disabilities.

The following strategies are included in those utilized to assess general program effectiveness in the special education department:

- Parent Surveys
- General Staff Surveys
- Special Education Focus Group Meetings
- Professional Development Needs Survey
- New Hampshire Special Education Information System data
- Other – as determined by the district

The above information will be used to identify program needs, training needs, and any gaps in services that may exist. Systemic changes for the upcoming year will be considered and planned for, based on the information gathered. Additionally, the information will be used to plan District professional development activities.

All professional and paraprofessional staff members within the District are evaluated using a predetermined system aimed at professional growth and development. Feedback is provided in the form of *commendations and recommendations; summative evaluation; etc.* In this way, the Mason School District ensures that all staff may continue to improve their knowledge and skills in order to effectively meet the needs of all students.

### **NH Department of Education Focused Monitoring**

Following an on-site compliance monitoring review of the District's special education programs and the implementation of the IEDA 2004 by the District pursuant to the duties assigned by RSA 186-C:5, the Mason School District will carefully consider and address the findings and recommendations and implement the necessary activities to ensure full compliance with state and federal laws and regulations. Upon notification from the NH Department of Education regarding areas of non-compliance, all corrective action activities shall be completed as soon as possible, but in no case later than one year.

Currently, the NHDOE uses indicators to evaluate the special education process for school districts. At this time, the Mason School District is in compliance for all indicators and the special education programs have been approved.

## 10. OTHER AGENCIES

It is the practice of the Mason School District to coordinate its efforts with other local and state agencies whenever possible, in order to meet the needs of children with disabilities and their families.

The District shall work cooperatively with all social service or other agencies within the surrounding area that provide medical, mental health, welfare, and other human services. Formal relationships with agencies are typically established through the Director of Student Support Services.

The Director of Student Support Services shall contact all public and private agencies to explain the District's obligation to identify and evaluate all children suspected of being a child with a disability. Further, public and private agencies shall be notified of the process for their participation in the District's special education procedures as detailed in Section 1 Child Find of this Plan.

### **Children Placed in Homes for Children, Health Care Facilities, or State Institutions**

The District shall assure the provision of a free, appropriate public education to children with or who might have disabilities that are in residential placement or placements awaiting disposition of the courts and committed juvenile students with or who might have disabilities to the extent that such students are not covered under Ed 1126. The District shall assure compliance with all regulations and procedures established in NH Standards – Ed 1105.03.

### **Transition of Children from Part C to Preschool Programs**

Children participating in Family Centered Early Supports and Services (ESS) and who will participate in preschool special education shall experience a smooth and effective transition to those programs.

The District shall participate in transition planning conferences arranged by representatives of ESS. An IEP will be developed and will be in effect for eligible children by their third birthday.

**PLEASE NOTE:** The transition process must include a written interagency agreement (Memorandum of Understanding) between the District and the local area agency responsible for family centered supports and services in the community.

## **11. PARENTALLY PLACED CHILDREN WITH DISABILITIES**

### **Ed 1112**

The Mason School District shall ensure that children with disabilities who are placed by their parents in private schools have equitable participation in special education programs pursuant to state and federal regulations.

In accordance with the New Hampshire Standards for the Education of Children with Disabilities, children who are receiving home education shall not be considered to be children attending a private school.

#### **Child Find**

The District must locate, identify, and evaluate all children with disabilities attending all private schools, including religious schools, within the geographic boundaries of the District. Private schools must be approved “elementary” or “secondary” schools as listed in NHSEIS.

On an annual basis, the District consults with representatives of private schools and representatives of parentally placed students to decide:

1. How parentally placed private school children will participate equitably, and
2. How parents, teachers, and private school officials will be informed of the District’s year-round child find activities.

All child find activities conducted for children enrolled in private schools by their parents are similar to those activities conducted for children who attend public schools within the District. The District maintains records and reports the number of private school students evaluated, the number of children determined to be children with disabilities, and the number of parentally placed private school children with disabilities who are serviced to the NH Department of Education on an annual basis.

A “**Notice to Parents of Private School Children**” is distributed to local newspapers for publication, as well as, posted at each private school located within the boundaries of the District each year. This notice fulfills the District’s obligation to invite representatives of parents of the children with disabilities who are enrolled in the school to the consultation meeting.

#### **Consultation**

The District conducts timely and meaningful consultation with representatives of private schools and representatives of parents of parentally placed private school children with disabilities in order to design and develop special education and related services for eligible children who attend private schools within the District. The consultation process operated throughout the school year to ensure that parentally placed children have the opportunity to meaningfully participate in special education and related services.

Throughout the consultation process, the District decides:

1. What children will be served,
2. What services will be provided,
3. How and where the services will be provided, and
4. How the services will be evaluated.

The District documents these decisions on the **Affirmation of Consultation** form. The completed form is sent to each private school providing a rationale of the District's decisions.

### **Provision of Services**

Services to parentally placed private school children are provided by personnel meeting the same standards as those required in the District. Eligible children have no individual right to services and they may receive different amounts of services than those provided to students in the public schools. An Individual Service Plan (ISP) will be developed for each child eligible to receive services.

Private elementary and secondary school teachers who are providing equitable services to parentally placed private school children with disabilities do not have to meet the highly qualified special education teacher requirements.

**PLEASE NOTE:** IDEA grant monies may be applied toward these procedures and any unexpended funds must be carried over for one year.

## **12. INSTRUCTIONAL MATERIALS IN ACCESSIBLE FORMAT**

### **Ed 1126.01 (b) (12)**

The Mason School District ensures that children with disabilities who need instructional materials in accessible formats will receive those materials, as set forth in their IEP's or dictated by their disabilities, at the same time other non-disabled children receive their instructional materials.

Such materials may include, but are not limited to, Braille tests, books-on-tape, specialized software, etc. - Ed 1109.03 (h).

# **APPENDICES A-F**

## Appendix A

### **DISCIPLINE PROCEDURES**

#### **Ed 1124**

#### **34 CFR 300.530**

##### **Suspensions of Ten Days or Less During the School Year**

Children with disabilities shall be entitled to the same protections and procedures that are available to children without disabilities. School personnel may remove a student with a disability, who violates the code of conduct, from his or her current educational placement under certain circumstances. A student may be removed to an interim alternative educational setting, another setting, or suspension, for not more than 10 days at a time for a violation of school rules in accordance with the discipline policy of the District that is used for all students, unless it is determined that the removal constitutes a change of placement.

When a child is removed from his or her current placement for 10 or fewer days in the school year, the District shall not be required to provide any special or regular education services during the suspension, as long as those removals do not constitute a change of placement under 34 CFR 300.536.

When the removals (10 days or less at one time) accumulate to more than 10 days in a school year, school personnel, in consultation with at least one of the child's teachers, shall determine the extent of services needed to enable the child to progress in the general curriculum and toward the IEP goals, and the location in which the services will be provided.

School personnel may consider unique circumstances on a case-by-case basis whether a change in placement is appropriate for a student with a disability who violates the code of conduct. Change of placement includes removal for more than 10 consecutive days or a series of removals in excess of 10 days that constitute a pattern. When disciplinary action results in a change of placement, notice shall be provided to parents the day the decision is made.

##### **Suspensions of More Than Ten Days**

When any change in placement is contemplated for more than 10 school days because of a violation of a code of student conduct, the District, the parent, and relevant members of the IEP Team shall convene no later than 10 school days after the school decides to suspend the child and review:

- All relevant information in the student's file
- The child's IEP

- Any teacher observations and
- Any relevant information provided by the child’s parents

To determine:

- If the conduct in question was caused by the child’s disability or had a direct and substantial relationship to the child’s disability or
- If the conduct in question was a direct result of the District’s failure to implement the IEP.

If either of the above determinations is affirmative, the conduct shall be determined to be a manifestation of the child’s disability. If determined that the child’s conduct is a direct result of the District’s failure to implement the IEP, the District shall take immediate steps to remedy those deficiencies.

If the behavior is not a manifestation of the student’s disability, relevant disciplinary procedures that apply to students without disabilities may be applied in the same manner as they would be applied to other students, except that appropriate educational services must continue.

**Manifestation Determination Decision**

If the District, the parent, and relevant members of the IEP Team determine that the child’s conduct was a manifestation of his/her educational disability, the IEP Team shall:

1. Conduct a functional behavioral assessment and implement a behavioral intervention plan for the child, or
2. If a behavioral intervention plan has been developed, the team shall review the existing plan and modify it as necessary to address the behavior, and
3. Except under “special circumstances” return the child to the placement from which he/she was removed, unless the parent and the District agree to a change of placement as part of the modification of the behavioral plan.

**“Special Circumstances” allowing for removal to an Interim Alternative Educational Setting**

The child may be removed from his/her current placement by school personnel and placed by the IEP Team in an Interim Alternative Educational Setting (IAES) for up to forty-five (45) school days without regard to the manifestation determination in cases where the child:

1. Carried or possessed a weapon to or at school, on school premises, or to or at a school function under jurisdiction of a State Educational Agency (SEA) or District;
2. Knowingly possessed or used illegal drugs, or sold or solicited the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a SEA or District; or
3. Inflicted serious bodily injury\* upon another person while at school, on school premises, or at a school function under the jurisdiction of a SEA or District.

\*Serious Bodily Injury: Defined in USC 1365(g) means a bodily injury that involves a substantial risk of death, extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or faculty.

No later than the date of the disciplinary decision, the District shall notify the parents of the decision and of the procedural safeguards. If parents disagree with the decision and request an appeal, the child shall remain in the alternative setting pending the appeal.

If there is a disagreement with the parents, the District may seek an order from a Hearing Officer for placement in an interim alternative educational setting when it believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

A child who has not been determined to have a disability and is subject to disciplinary action may assert the protections in this part if the District had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred. The District will consider cases on an individual basis and in accordance with CFR 300.534 – **Protections for Children Not Yet Eligible for Special Education and Related Services.**

Nothing in this part will prohibit employees of the District from reporting a crime committed by a child with a disability to appropriate authorities. Neither will it prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability. If the District reports a crime committed by a child with a disability, then the District shall also ensure that copies of the special education and discipline records will be transmitted for consideration by the appropriate authorities, but only to the extent permitted by the Family Educational Rights and Privacy Act (FERPA).

### **Attendance and Discipline**

It is expected that all students in the Mason School District will comply with the attendance and behavior expectations and rules of the schools. The District shall not discriminate against anyone on the basis of disability when administering attendance and discipline systems. To this end, a minority of students may require accommodations or modifications to the discipline or attendance policies because of their educational disabilities. If a student with a disability is in jeopardy of not meeting the attendance requirements or school rules, the Individualized Education Program (IEP) Team will convene and review and/or revise the student's Individualized Education Program (IEP) as appropriate.

The District has instituted procedures for manifestation determination meetings. Additionally, a functional behavior assessment shall be conducted and/or reviewed as required.

## Appendix B

### COMPLAINT/DISPUTE RESOLUTION

#### **Ed 1121 – Complaint Procedures**

Individuals or organizations may file a complaint to report alleged violations of state and federal special education requirements that may have been committed by the Mason School District regarding the education of children with disabilities. Individuals who live out of state may also file a complaint.

The NH Department of Education has a form available to file a complaint, which may be found on the Department’s website ([www.ed.state.nh.us](http://www.ed.state.nh.us)). Use of this form is not required, but all complaints must:

1. Be in writing and signed, including contact information of the signer;
2. Include a statement that the school district has violated a state or federal requirement regarding the education of a child with a disability under Part B of the Act of 34 CFR 300; and
3. Contain the facts on which the statement is based; and
4. Allege a violation that occurred not more than one year prior to the date the complaint was received; and
5. The complaint must indicate how the complaining party would like to see this complaint resolved.
6. A copy of the complaint must be sent to the District.

Complaints shall be directed to:

**Commissioner of Education**  
**Attn: Special Education Complaints Office**  
**101 Pleasant Street**  
**Concord, NH 03301**

All complaints received by the Bureau of Special Education will be reviewed by the Complaints Office. If the issues are determined appropriate for the complaint procedures, an investigation of the alleged violation(s) will take place, in accordance with Ed 1127.02.

#### **Ed 1122 - Dispute Resolution Procedures**

The Mason School District shall promote collaboration between teachers and parents. Communication between parents and teachers forms the basis for positive working relationships and may often prevent the need to use a more formal dispute process. When differences arise, parties will be encouraged to work to resolve them through informal problem-solving meetings whenever possible.

Several options are available for the informal resolution of differences regarding the provision of special education and special education related services. These methods of alternative dispute resolution include the following:

### **Facilitated Special Education Team Meetings**

Facilitation of a special education team meeting is a free service offered by the NH Bureau of Special Education upon request by the District or parent. A trained facilitator is sent by the Bureau to attend and conduct a regular special education team meeting scheduled and arranged by the District. The facilitator has no “interest” in the content or the outcome of the meeting; he/she is there to conduct the meeting and keep it moving forward. Facilitators are volunteers from various fields who receive training through the Department of Education.

**PLEASE NOTE: The District will apply rules of confidentiality to any Facilitated IEP meeting. Any discussion held during that team meeting must be kept confidential and cannot be used in a due process hearing unless the parent and District agree otherwise. (RSA 186-C: 23)**

### **Mediation**

Mediation is a voluntary, confidential and informal dispute resolution process that is guided by a trained professional (mediator). The mediator helps the parents and the District engage in discussions of issues related to the child’s free appropriate public education in order to reach a mutually acceptable solution to their dispute. Either party may request mediation by writing to the Commissioner of Education. The mediation conference is conducted within 30 calendar days after receipt of the written request. The mediator is appointed by the Department of Education and the process is provided at no expense to the parent.

If mediation results in an agreement between parents and the District, a mediation agreement containing the details of the resolution is written and signed by both parties. If no agreement is reached, either party may decide to request an impartial due process hearing to resolve the matter.

If both parties agree to participate in mediation, the District shall file a request with the NH Department of Education.

### **Neutral Conference**

A neutral conference is a voluntary, confidential process presided over by a trained professional (neutral) who listens to both sides of a dispute and makes a recommendation, which both sides may either adopt or refuse. The neutral’s recommendation should guide both parties in determining whether to proceed with a due process hearing. The neutral’s recommendation is non-binding unless both parties agree to it. If both parties agree to initiate a neutral conference, the District will file a request with the NH Department of Education.

### **Impartial Due Process Hearing**

This is the most formal process with which to resolve a dispute between the District and the parent. If the parent and the District cannot agree on a special education issue relating to the identification, evaluation, or educational placement of a child with a disability, or the provision of a free and appropriate public education, either one has the option of requesting an impartial due process hearing. The one exception to this is with regard to disagreements relating to the initial provision of services. The hearing is conducted by a hearing officer appointed by the State Department of Education. A due process hearing can be requested by either the District or the parent on any matters relating to special education.

If either party requests a due process hearing, the District shall inform the parents of free or low-cost legal services. The District will offer mediation and if the parents request due process, the District will schedule a resolution session.

Requests for a due process hearing must be made in accordance with state statutes of limitations. The following is a brief list of the important time limits:

- A parent must request a due process hearing within 2 years of the date on which the alleged violation was discovered or reasonably should have been discovered.
- A parent must request a due process hearing within 90 days of a unilateral placement in order to recover the costs of the unilateral placement.
- Any appeal of a Hearing Officer's final decision must be filed in either state superior court or federal court within 120 days from receipt of the final Hearing Officer's decision.
- A parent must file any action to recover their attorneys' fees and reasonable court costs in state superior court or federal court within 120 days from the receipt of the final Hearing Officer's decision.

## Appendix C

### **Mason School District**

#### **Brief Overview of the Special Education Process**

##### **Information for Parents**

###### **Referral**

The IEP Team is required to meet within 15 business days of the date on which the referral was received to determine what will be done in response to this referral and to determine the best course of action regarding your child's educational program.

###### **Evaluation**

If the IEP Team determines that your child does not need to be evaluated, they will provide you with some ideas/suggestions/modifications pertaining to the reason for referral that may be helpful for your child in the classroom. If the team determines that your child will be evaluated, a meeting will be convened within 60 days of receipt of your written consent, to discuss the results of the evaluation and to determine the educational needs of the student, including possible eligibility for special education services.

###### **IEP**

If the IEP Team determines that your child is a child with a disability, a meeting to develop an Individualized Education Program will be conducted within 30 days. You will be notified of the date and time of the IEP meeting at least ten days in advance.

###### **Placement**

Once an IEP has been developed and approved, the IEP Team will meet to determine an appropriate placement within the least restrictive environment for your child. You will be notified of the placement meeting at least ten days in advance.

You may contact the Mason School District, Director of Student Support Services, 13 Darling Hill Rd., Mason, NH 03048, or 878-2962 ext. 17 with questions.

Parents of a child with a disability have certain protections under the procedural safeguards of Part B of the IDEA - Section 615 (d) (1) (a). A copy of these safeguards may be obtained by contacting:

Patricia O'Mara, Director of Student Support Services  
Mason School District  
(603) 878-2962 ext. 17

**Additional agencies that can provide assistance in understanding the provisions of Part B of the IDEA:**

New Hampshire Department of Education

Concord, NH 03301  
(603) 271-3741

The Parent Information Center (PIC)  
54 Old Suncook Rd.  
Concord, NH 03301  
(603) 224-7005

Disabilities Rights Center in Concord  
64 N. Main St. #2  
Concord, NH 03301  
(603) 228-0432

## **Individualized Education Program**

The Mason School District establishes an individualized education program (IEP) team for each child referred to the local educational agency. All meetings involving the identification, evaluation, educational placement, and provision of a free appropriate public education involve the IEP Team.

### **PARTICIPANTS**

The IEP Team for each child consists of all of the following:

- The parents of the child
- Not less than one regular education teacher of the child if the child is, or may be, participating in a regular educational environment
- Not less than one special education teacher, or when appropriate, not less than one special education provider of the child
- A representative of the local educational agency:
  - Who is qualified to provide or supervise the provision of special education,
  - Who is knowledgeable about the general curriculum,
  - Who is knowledgeable about the availability of and authorized to commit the resources of the local educational agency, and
  - Who may be another local educational agency member of the IEP Team if the criteria above are met;
- An individual who can interpret the instructional implications of evaluation results, who may otherwise be a team participant
- When determining the child's educational placement, individuals who are knowledgeable about the child and the placement options
- At the discretion of the parent or local educational agency, other individuals who have knowledge or special expertise about the child, including related services personnel as appropriate (the determination of the individual's knowledge or special expertise is made by the party [parents or public local educational agency] who invited the individual to be a member of the individualized education program)
- Whenever appropriate, the child
- When transition is being discussed, other agencies who may be responsible for the provision or payment of transition services
- When the purpose of the meeting will be consideration of transition service, the student

If an invited agency does not send a representative to the meeting, the local educational agency takes other steps to obtain the agency's participation in planning transition services. If the student does not attend the individualized education program meeting, the local educational agency takes other steps to ensure consideration of the student's preferences and interests.

## **PARENT PARTICIPATION IN INDIVIDUALIZED EDUCATION PROGRAM TEAM MEETINGS**

### **-THE IEP TEAM**

The Mason School District takes steps to ensure that one or both of the parents of a child with a disability are present at each individualized education program meeting or are afforded the opportunity to participate, including:

- notifying parents of the meeting early enough to ensure that they will have an opportunity to attend and
- scheduling the meeting at a mutually agreed on time and place.

The notice required in these procedures:

- indicates the purpose, time, and location of the meeting and who will be in attendance and
- informs the parents of the provisions in these policies relating to the participation of other individuals on the individualized education program team who have knowledge or special expertise about the child.

For a student with a disability beginning at age 14, or younger, if appropriate, the notice also:

- indicates that a purpose of the meeting will be the development of the required statement of the transition services needs of the student and
- indicates that the local educational agency will invite the student.

For a student with a disability beginning at age 16, or younger, if appropriate, the notice:

- indicates a purpose of the meeting is the consideration of needed transition services for the student;
- indicates the local educational agency will invite the student; and
- identifies any other agency that will be invited to send a representative as long as you have been notified and have given your permission for that representative to attend.

The regular education teacher must be involved in developing appropriate positive behavioral interventions and strategies, as well as assisting the team in determining the supports necessary for school personnel to implement the IEP. While only one regular education teacher is required to attend the IEP Team meeting, it is important for the case manager to consult with or gather additional information from the child's other teachers.

If neither parent can attend, the local educational agency uses other methods to ensure parent participation, including individual or conference telephone calls.

The local educational agency conducts meetings without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case,

the local educational agency has a record of its attempts to arrange a mutually agreed on time and place, such as:

- detailed records of telephone calls made or attempted and the results of those calls;
- copies of correspondence sent to the parents and any responses received; and
- detailed records of visits made to the parent’s home or place of employment and the results of those visits.

The local educational agency takes whatever action is necessary to ensure that the parent understands the proceedings at the individual education program meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English. The local educational agency gives the parent a copy of the child’s individualized education program at no cost to the parent.

### **§300.08 CHILD WITH A DISABILITY**

#### **(a) General**

(1.) Child with a disability means a child evaluated in accordance with §§300.304 through 300.311 as having an intellectual disability, a hearing impairment (including deafness), a speech or language impairment, a visual impairment (including blindness), a serious emotional disturbance (referred to in this part as “emotional disturbance”), an orthopedic impairment, autism, traumatic brain injury, an other health impairment, a specific learning disability, deaf-blindness, or multiple disabilities, and who, by reason thereof, need special education and related services.

(2.) (i) Subject to paragraph (a)(2)(ii) of this section, if it is determined, through an appropriate evaluation under §§300.304 through 300.311, that a child has one of the disabilities identified in paragraph (a)(1) of this section, but only needs a related service and not special education, the child is not a child with a disability under this part.

(ii) If, consistent with §§300.39(a)(2), the related service required by the child is consider special education rather than a related service under State standards, the child would be determined to be a child with a disability under paragraph (a)(1) of this section.

(b) Children aged three through nine experiencing developmental delays. A child with a disability for children aged three through nine (or any subset of that age range, including ages three through five), may, subject to the conditions described in §300.111(b), include a child –

(1) Who is experiencing developmental delays, as defined by the State and as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas: physical development, cognitive development, communication development, social or emotional development, or adaptive development; and

(2) Who, by reason thereof, needs special education and related services.

- (c) Definitions of disability terms. The terms used in this definition of a child with a disability are defined as follows:
- (1) (i) **Autism** means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences.  
(ii) Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance, as defined in paragraph (c)(4) of this section.  
(iii) A child who manifests the characteristics of autism after age three could be identified as having autism if the criteria in paragraph (c)(1)(i) of this section are satisfied.
  - (2) **Deaf-Blindness** means concomitant hearing and visual impairments, the combination of which causes severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.
  - (3) **Deafness** means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification that adversely affects a child's educational performance.
  - (4) (i) **Emotional Disturbance** means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance:
    - (A) An inability to learn that cannot be explained by intellectual, sensory, or health factors
    - (B) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers
    - (C) Inappropriate types of behaviors or feelings under normal circumstances
    - (D) A general pervasive mood of unhappiness or depression
    - (E) A tendency to develop physical symptoms or fears associated with personal or school problems(ii) Emotional Disturbance includes schizophrenia. The term does not apply to children who are socially maladjusted, unless it is determined that they have an emotional disturbance under paragraph (C) (4) (i) of this section.
  - (5) **Hearing Impairment** means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but that is not included under the definition of deafness in this section.
  - (6) **Intellectual Disability** means significantly sub-average general intellectual functioning, existing concurrently with deficits in adaptive behavior and

manifested during the developmental period, that adversely affects a child's educational performance.

- (7) **Multiple Disabilities** means concomitant impairments (such as intellectual disability-blindness or intellectual disability-orthopedic impairment), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple Disabilities does not include deaf-blindness
- (8) **Orthopedic Impairment** means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by a congenital anomaly, impairments caused by disease (i.e.: poliomyelitis, bone tuberculosis), and impairments from other causes (i.e.: cerebral palsy, amputations, and fractures or burns that cause contractures).
- (9) **Other Health Impairment** means having limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that:
  - (i) Is due to chronic or acute health problems such as asthma, attention deficit hyperactivity disorder (predominantly inattentive type, predominantly hyperactive type or combined), diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette's Syndrome; and
  - (ii) Adversely affects a child's educational performance.
- (10) **Specific Learning Disability**
  - (i) General: Specific Learning Disability means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia.
  - (ii) Disorders not included: Specific Learning Disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of an intellectual disability, of emotional disturbance, or of environmental, cultural, or economic disadvantage.
- (11) **Speech or Language Impairment** means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment that adversely affects a child's educational performance.
