SCHOOL HOURS

Students should arrive at school starting at 8:50 am. Supervision of students is not provided before then. Bus riders will be dropped off and picked up at the back of the school. Upon arrival, children must first check in with their classroom teachers. Children can proceed to breakfast after they check in. Walkers/car riders should be dropped off at the front doors where a staff member will greet them. Dismissal begins at 3:25 pm. Walkers/car riders will be dismissed out the front door. Bus riders will be dismissed out the back door.

VISITORS AND VOLUNTEERS

At Mason Elementary School we love our VOLUNTEERS. Our volunteers provide essential support to our school and we encourage parents and community members to become volunteers. All volunteers are required to be fingerprinted with a criminal background check. Please sign in at the main office and wear a visitor badge while in the building. When leaving please return to the main office, turn in your visitor pass and sign out.

PHOTOGRAPHS AND VIDEOS

Photographs and videos taken during school activities may be posted on the school or classroom websites or on bulletin boards and other displays within the school unless a written request to the contrary is filed in the school administrative offices. Parents/guardians should understand that on field trips and during events such as concerts and plays, we have no control over photographs and videos taken by members of the public or the audience.

Cameras are not allowed to be used in school or on the bus unless the child has obtained permission from the school office. This includes cameras found on cell phones, electronic games and other devices.

CUSTODY/RESTRAINING ORDERS

Unless the office is in possession of legal documents prohibiting access to a student, students will be released to either parent/guardian or anyone else that you give written permission to.

If there is a restraining order or limited access right against either parent, it is the responsibility of the custodial parent to supply the office with a copy of legal documentation stating this. If this situation should change, please notify the office in writing.

STUDENT RECORDS AND ACCESS

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school within 14 days after the day the school receives a request for access. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Parents or eligible students have the right to file a complaint with the Family Policy Compliance Office in the United States Department of Education concerning alleged failures to comply with the requirements of FERPA.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;

- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

SCHOOL CLOSURES

SCHEDULED DELAYED OPENING

When there is a delayed opening, school will be opened two hours after the regular starting time. AM bus pick-ups will operate two hours later than normally scheduled. Dismissal and PM bus drop-offs will be at the regular time.

REGULAR ARRIVAL TIME	DELAYED ARRIVAL TIME
8:50 AM	10:50 AM

The policy for SCHOOL DELAY or NO SCHOOL is put into place for the safety of the children. Generally, if buses can operate safely, school will be in session. However, it is expected that if any parents/guardians do not desire to have their child venture out during inclement weather, it is their prerogative to keep their child at home. Road agents and transportation contractors make the decision to operate as usual, delay or close. If it is determined that the road conditions are hazardous, parents and the children will be informed in the following manner:

1. TV STATIONS

WBZ – TV BOSTON & WWW.WBZ.COM

WMUR-TV – MANCHESTER CHANNEL 9
& WWW.WMUR.COM

2. WEBSITE-sau89.nh.gov

School delays, early dismissals, and closures will be posted on the home page of the school website.

3. EDLIO SCHOOL DISTRICT PHONE APP

4. RECORDED TELEPHONE MESSAGE ON SCHOOL TELEPHONE LINES

A recorded telephone message will be available on 878-2962, 878-1744 and 878-3439. This will typically be in place between 6:15 a.m. and 7:30 a.m.

4. ALMA ALERT – Families will receive an automated call to alert them of the delay or cancellation.

Should road conditions remain hazardous or worsen, the NO SCHOOL announcement (changing the situation from delayed to no school) will be made over the TV stations listed above as well as at the school's telephone message. If your child attends Milford Middle or High School, please also check their website for further updates.

EARLY RELEASE

Early release occurs when weather conditions or other situations indicate that students be sent home from school as soon as possible or at a certain time. If this occurs, a notification will be sent out via the automatic system. It is extremely important that telephone numbers on

record for us to call be ones which will be answered during the school day hours. Early dismissals are considered only in extreme circumstances because of child care issues. Even though early dismissal is rare, parents/guardians must plan for this event. We advise parents/guardians to consult with child care providers, friends and neighbors and agree on a plan for child care arrangements in the event of an early dismissal. It is very helpful to us to have this plan on record in the school office. Equally important, we advise parents/guardians to make children aware of those special arrangements in anticipation of possible early dismissals.

Please note that our school buses are also used to transport middle and high school students to Milford. There may be occasions when Milford is open and Mason is closed, or when Mason is open and Milford is closed. Parents of middle and high school students should check with their specific schools as to whether they are open, closed or delayed. If, for example, Milford is holding school and Mason roads are not considered safe, the buses won't go to Mason. In this case, families need to make individual decisions as to whether to drive their middle and high school children to school, or whether to just stay safely at home. Milford is aware of this situation, and it is our understanding they will provide makeup work for students missing school due to dangerous road conditions in Mason.

STUDENT ATTENDANCE

We believe that the school and parents/guardians have a shared responsibility for the care and education of the students attending the school. We would like to assure parents that their child arrived at school safely and on time.

If a student is unable to attend school, his/her parents/guardians **MUST CALL** the school to report the absence. Parents must call the school to report an absence before 8:50 a.m. on the morning of the absence. If you wish, you may leave a message as early as the evening before the absence. Parents of Mason Elementary students must call (603) 878-2962 and leave a message reporting:

1. Your name
2. Your child's name
3. Grade and teacher's name
4. Reason for absence

5. Your telephone number or another way we can reach you

The school will call parents/guardians after 9:00 a.m. to verify the absence of all students for whom we have received no call.

Student absences, tardiness, and early dismissals are part of the official attendance records, which are required by the state of New Hampshire. If your child is frequently tardy or dismissed early, progress and achievement are affected due to loss of learning time. Tardiness and early dismissals also affect all students in a class, as they are disruptive to the classroom activity. Please make good attendance a priority.

EXCUSED ABSENCES

The Following are considered excused absences:

1. Illness
2. Recovery from an accident
3. Required court attendance
4. Medical and dental appointments
5. Death in the immediate family
6. Observation or celebration of a bona fide religious holiday
7. Such other good cause as may be acceptable to the
Principal or permitted by law.

The principal may require parents to provide documentation in support of the reported absence, including but not limited to doctor's notes, court documents, obituaries, or other documents supporting the claimed reason for non-attendance.

Parents who plan to take their children out of school for an extended period of time, for reasons other than illness or injury, must put their intent in writing to the principal and classroom teacher, if possible, two weeks prior to the absence.

When a student is taken out of school by a parent/guardian to go on a trip while school is in session, missed work will be given upon the student's return to school. This policy enables the student to enjoy and focus on the trip. Special arrangements can be made with the teacher as to the time frame and method of getting the work caught up.

ABSENCE DUE TO ILLNESS

At the recommendation of the NH DHHS and lessons learned through the COVID pandemic we will continue to have a low threshold for any symptoms of illness. The school nurse will be doing individual and routine phone assessments with any parent that has a student showing any sign of illness. Students with a documented history of allergies will be given consideration. The time frame and format for competition of work missed for children with illness or injuries will be determined on an individual basis.

TRUANCY

The administration closely monitors absences, tardiness, and early dismissals. Attendance records of all children are reviewed. According to NH State Law (RSA 189:35-a), truancy is defined as an unexcused absence from school or class. **Ten half days of unexcused absence during a school year shall constitute habitual truancy.** Attendance records of all children are reviewed regularly. Parents of children with five or more unexcused absences may receive a letter of concern from administration which will be kept on file. The letter will indicate the need to meet with administration to determine a plan to address attendance concerns. The Chief of Police shall serve as the designated truancy official for Mason Elementary School.

STUDENT ADMISSIONS

ENROLLMENT AND AGE OF ENTRANCE

Preschool is available to children who are at least age 3 but will not yet be age 5 by September 30th of 2026. This is an integrated preschool with tuition and space-availability requirements which can be obtained on a case-by-case basis by calling the Main Office.

Kindergarten is offered to all Mason children who are at least age 5 by September 30th of 2026. In New Hampshire, kindergarten is required to be offered by the school district, but enrollment in the kindergarten is optional.

Every child between the age of six and eighteen years of age shall attend the school within the district, a public school outside the district to which he/she is assigned, an approved charter school program, an approved home-school program, or an approved private school.

A student may enter grade one if his/her age will be 6 before September 30th of the year of entering school.

A birth certificate must be presented upon registration as proof of the date of birth. The child must enroll under his/her full legal name. After being entered in the school records, the birth certificate will be returned to the parent/guardian.

In-coming transfer students will be initially placed in accordance with the date forwarded by the sending District. Such placement is tentative and subject to reassignment by the Superintendent or his/her designee.

NEW STUDENTS

All new students, accompanied by a parent/guardian, should register at school before opening day or as early as possible. Children entering school for the first time must have proof of physical examination, immunization records, a copy of the child's birth certificate and proof of residency satisfactory to the Superintendent or his/her designee. The Principal or a designee will meet with new children and parents/guardians to explain school programs.

ADMISSION OF TUITION AND NON-RESIDENT STUDENTS

Non-resident students may attend district schools when their attendance has been approved by the Board. Tuition will be charged at a rate set by the Board and billed monthly in advance to the sending district or parent/guardian responsible for payment. When a sending district is responsible for tuition, approval must be received from the sending district school board.

Under normal circumstances, the district will not provide transportation to and from school for non-resident and tuition students at district expense. However, the district may assist parents/guardians in finding and procuring transportation services for their children.

ADMISSION OF HOMELESS STUDENTS

The district will work with homeless students and their families to provide stability in school attendance and district services for which they are eligible, including comparable pre-school programs, similar state programs, special education, and bilingual education.

Homeless students are those lacking a fixed, regular and adequate nighttime residence, including:

- sharing the housing of other persons due to loss of housing or economic hardship
- living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations
- living in emergency or transitional shelters
- abandoned in hospitals
- awaiting foster care placement
- living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings
- living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings
- migratory children living in conditions described in previous examples

The Superintendent shall designate an appropriate staff person to be the District's liaison for homeless students and their families.

To the extent feasible, homeless students will continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing. Instead of remaining in the school of origin, parents or guardians of homeless students may request enrollment in the school in which attendance area the student is actually living, or other schools.

If there is an enrollment dispute, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent or guardian shall be informed of the District's decision and their appeal rights in writing. Unaccompanied youth will also be enrolled pending resolution of the dispute.

Once the enrollment decision is made, the school shall immediately enroll the student, pursuant to District policies. If the student does not have immediate access to the immunization records, the student shall be admitted under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the District liaison is directed to assist. Records from the student's previous school shall be requested from the previous school pursuant to District policies. Emergency contact information is required at the time of enrollment consistent with District policies. Homeless students are entitled to transportation to their school of origin or the school where they are to be enrolled. If the school of origin is in a different district, or a homeless student is living in another district but will attend his or her school of origin in this District, the Districts will

make reasonable efforts to coordinate the transportation services necessary for the student.

The District's liaison for homeless students and their families shall coordinate with local social services agencies that provide services to homeless children and youths and their families; other school Districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. The district's liaison will also review and recommend to the district policies that may act as barriers to the enrollment of homeless students.

PROCEDURES FOR HOMESCHOOLERS

Notification for Home Schooling should be submitted to the Superintendent or the New Hampshire Department of Education.

Please refer to New Hampshire Department of Education Website: <http://www.education.nh.gov/> for Home Schooling Laws and Regulations as well as any changes in the procedure for establishing a Home Education program and evaluation procedures.

WHAT HAPPENS AFTER 5TH GRADE?

After 5th grade, Mason students leave Mason Elementary School and attend Milford Middle School and Milford High School. Busing to the schools is provided to Mason residents. Please frequently check the Milford websites for updates, events and newsletters. Links to the Milford Schools are available on our website: sau89.nh.gov

CLASSROOM INSTRUCTION

PARENTS/GUARDIANS' RIGHT TO KNOW NOTICE

As a parent/guardian of a student in the Mason Elementary School, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Section 1111 of the Elementary and Secondary Education Act, Title 1 (a federal law) allows you to ask for certain information about your child's classroom teachers, and requires us to give you this information in a timely manner if you ask for it. Specifically, you have the right to ask for the following information

about each of your child's classroom teachers

- Whether the New Hampshire State Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the New Hampshire State Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major, whether the teacher has advanced degrees, and, if so, the subject of the degrees.
- Whether any teachers' aides or similar paraprofessionals provide services to your child and, if they do, their qualifications.

COMMUNICATION PROCEDURE

It is the intent of the school to handle concerns and/or problems that arise during school hours with cooperation among all parties involved.

If parents or guardians become aware of concerns or problems that happened during school hours in regard to curriculum, behavior and/or policy and procedures, please:

- Discuss the concern as soon as possible with the classroom teacher. We ask that the parent/guardian consult the classroom teacher at a time which will be least disruptive to classroom teaching time.
- If either the parent/guardian or teacher is not satisfied with the outcome, or if a settlement has not been agreed upon, the parent/guardian or teacher should contact the Principal/Superintendent.
- Should the parent/guardian or teacher involved remain dissatisfied with the outcome, they may contact the Chairman of the School Board.

HOMEWORK POLICY

Homework should relate directly to the purpose of education. It is an important part of a child's educational experience. Well-planned homework assignments that are appropriate to the grade and level of the learner may take many forms, including regular practice and reinforcement of the previously taught skills, independent assignments that enrich the school curriculum, reading to prepare for subsequent class discussions, review and study of materials assembled in

class, and student writing in a variety of styles and forms.

Meaningful homework assignments are those that emphasize quality rather than quantity and that are reasonable in length, appropriate for the learner, and purposeful in nature.

We will know that our homework policy works when

- Homework is completed by students in a responsible, conscientious and timely fashion.
- Parents/guardians give their support and involvement, thereby demonstrating agreement that homework is purposeful and a valuable part of a child's education.
- Homework is reviewed and used by a teacher to diagnose, reinforce and enrich student learning.

Please refer to policy IKB for more information. Each classroom teacher will provide students with their individual homework policy at the start of the school year and if any changes to the policy are made during the school year.

PARENT HOMEWORK EXPECTATIONS

1. Help to establish a regular format for learning at home.
2. Assist students to develop good study habits by providing a comfortable, well-lighted area away from distractions.
3. Understand that children have different learning styles. Some need movement when learning or trying to focus. Movement can take the form of “lounging” on a rug, taking frequent breaks, or – yes – chewing gum! Some children are “visual learners,” needing to see the written word. Some are “auditory learners,” doing better when they hear things read aloud. Some children work better to music, while others require silence and no distractions. Some children can multi-task, whereas others must finish one thing before they start another. Becoming aware of one's learning style is key to learning and understanding.
4. Encourage students to set a regular time for study.
5. Monitor and evaluate outside activities (e.g. extracurricular and television) to be sure that the student has sufficient study time.
6. Recognize that homework is assigned and if necessary require the student to keep an assignment book that can be reviewed at home.

7. Communicate with the classroom teacher if questions or concerns should arise over homework assignments or practices.
8. Assist the school in developing, within each child, an attitude that homework is an important student responsibility.
9. Use time when no specific homework assignments have been given for reading or reviewing notes.

REPORT CARD SCHEDULE

STANDARDIZED TESTING

Mason Elementary will administer Northwest Evaluation Association (NWEA) computer-based testing internally, for use in overall school assessment and in designing instruction, as well as for individual student assessment. The NWEA Testing will occur in the Fall for Grades 1-5 and Spring for Grades 1&2. As the tests progress, the questions change according to the way the student answers in order to accommodate the broad range of student learning. Mason Elementary will also be administering NH State Assessment in ELA & Math and in the Spring for Grades 3 -5, and NH-SAS Science in the Spring for Grade 5.

STUDENT SERVICES

HEALTH OFFICE

The school nurse is on duty from 8:30 a.m. to 4:00 p.m. daily. Students who have a need to see the school nurse should do so with the permission of their teacher or the teacher on duty at any time during the day.

Responsibilities of the school nurse include, but are not limited to providing direct health care to students and staff; providing leadership for the provision of health services; promoting a healthy school environment; promoting health; serving in a leadership role for health policies and programs; and serving as a liaison between school personnel, family, community, and health care providers. Additionally, the school nurse is responsible for developing procedures to address and meet special physical health needs of students. Such procedures may be developed and implemented on a case-by-case basis.

All injuries or illnesses occurring during the school day are to be reported to the school nurse or the building principal. Students attending school during the extended day, night, or summer school programs, or any other time when the school nurse is not in the building, are to report to the supervising adult. The school nurse, principal or designee will notify parents/guardians before a student who is injured or ill is permitted to go home. Students will not be allowed to leave school without first notifying either the school nurse or principal of his/her injury or illness. Additionally, parent/guardian notification and authorization is necessary before any student will be released from school due to injury or illness. Emergency medical care will be provided pursuant to the guidelines of Board Policy EBBC/JLCE.

The school nurse is also responsible for the oversight of other school services, including but not limited to assessing and responding to student health needs, maintaining accurate health records, screening for vision, hearing and BMI according to national recommendations,

participating on 504 and IEP teams (if requested), health promotion, disease and injury prevention initiatives, student wellness, among other responsibilities.

Parents are urged to keep their child home if he/she is not feeling well. Students who come to school are expected to be healthy enough to play outside. Exceptions are made only with a written excuse from a physician or with permission from the school nurse.

Please notify the school nurse if your child has a physical concern or allergy. Please also let the nurse know if an illness or allergy occurred during non-school hours so that we can monitor the situation.

Communication with the nurse may be by telephone between 8:45a.m. to 3:45p.m. Before or after that time, please call the school office.

Please notify the school if there are changes in the emergency information during the year.

*Health records **MUST BE RECEIVED PRIOR** to the child entering school*

DISPENSING OF MEDICATION

If a child is on prescription medicine, the school must have:

1. A dated note from the prescribing physician including:

SCHOOL WELLNESS

The Mason School District recognizes that the physical and emotional health of our students is essential to their social and academic success. We recognize that “wellness” is achieved through proper nutrition, physical activity, and emotional growth. We are committed to creating and maintaining a school environment that promotes wellness at all levels: In the classroom, on the athletic field, in staff offices, in the cafeteria, on the playground, and at in-school and after school activities. Through a cooperative effort among teachers, administrators, food service professionals, school nurses, physical and health educators, counselors, parents and students, we believe we can help our students achieve and maintain a healthy lifestyle that will enhance their lives in school and at home.

The school and its staff are responsible for the promotion of the education process, including maintaining the health and safety of all our students. Healthy snacks are encouraged at Mason Elementary

School as a mainstay in the overall promotion of health. Frequent celebrations with cookies, cupcakes and other treats are not in keeping with these learning goals.

We do have several students and occasionally staff members, with dietary allergies or both dietary and religious restrictions that do not allow them to be able to participate in food related celebrations. Many parents do not wish their children to be eating items not supplied by them or by confirmed sources. There is also a potential health risk for illness due to contamination with consumption of homemade items. Due to this, we have adopted a policy that will enable all students to be safe and healthy during any celebrations in the classrooms.

FOOD FOR BIRTHDAY CELEBRATIONS

Food for Birthday celebrations is strictly prohibited. Any food items brought in will be sent home again. Children will be given special opportunities throughout the day to celebrate birthdays. If you would like to send in a special birthday treat please consider sending in a non-food party item, grab bag or toy instead. Please also remember that any invitations to outside of school parties should be sent for ALL students in the class. If all students are not invited, please keep invites out of school, and distribute on your own.

Classroom parties are always a concern in keeping children safe. While not all classrooms have diagnosed allergies, many develop during the year. The AAP states up to one quarter of new anaphylaxis allergies happen in schools. For this reason, we need to be cognizant of what is being brought into the classroom for parties.

When class parties are planned, the classroom Teacher is in charge of approving the foods to be brought in, with coordination from the School Nurse if needed. The State of NH Department of Education states that all parties must be limited in number and contain healthy choices. Please use the following guide in planning:

- Only one sweet treat, with the rest healthy
- The sweet treat should be in store labeled container. (Things made at home present a higher risk for cross contamination.) Keeping labels for all foods is even more beneficial to keeping the students safe.
- Healthy foods could be crackers, pretzels, popcorn, cheese, fruit, yogurts, fresh raw veggies, granola etc.

Classroom Parents, or planning volunteers are to share the food expected with the teacher a minimum of **48 hours in advance**. *This advanced notice is to allow any parent who wishes to bring in an alternate food for their student time to

plan. At times labels are not enough, as students with severe allergies are often restricted to certain brands, or companies that have facilities who adhere to tighter controls for allergens. It is at parental discretion to tell the classroom parents about any allergies. Staff are not to share private information.

Please plan ahead and talk to your classroom teacher, School Nurse or Administrator if you have questions.

TRANSPORTATION

SCHOOL BUS RULES

The responsibility of the school district begins when the child sets foot on the school bus. The responsibility ceases at the end of the school day when the school bus leaves the child's bus stop.

Each bus driver is responsible for maintaining order on the bus. Bus drivers shall maintain the same type of order on buses as teachers maintain in the classroom.

The purpose of bus rules and regulations is to allow each student a safe and comfortable ride to and from school. Riding the bus is a privilege. Respect and consideration for the bus driver and riders is expected.

Profane language, obscene gestures, excessive noise, fighting, wrestling, or acts of physical aggression will not be tolerated.

1. For the safety of all, students must keep hands, head, feet, etc. inside the bus.
2. Students must ride only the bus to which they have been assigned unless other arrangements have been made by parents in writing.
3. Once a student has boarded the bus, he/she can get off only at his/her destination. Exceptions will be made only with the permission of the principal or office in writing.
4. Students will be seated promptly and will not change seats when the bus is in motion.
5. Eating and drinking on the bus is generally not allowed.
6. Students will be held responsible for all damages made by them to the bus.
7. To insure students' safety, all students will cross the street in front of the bus.
8. Students should be at their bus stop 5 minutes before the bus is due.
9. Anything that would create a safety hazard for the passengers of the vehicle is not permitted.
10. Cameras may not be used on the bus.
11. Electronic devices can be used if approved by parents.
12. The school is not responsible for loss, damage or theft of electronic or other items on the bus.

13. The bus drivers are in charge of the bus, and their instructions must be followed.
14. Only authorized riders will be permitted on the bus.

VIOLATION OF BUS RULES

Proper behavior on the bus is essential to the safety of our children.

Written discipline referrals to the administration from a bus driver will result in the following:

1st referral: Written warning or one to ten day suspension of riding privileges, depending upon offense. If the offense is very serious and it is deemed necessary, then a twenty-day bus suspension may result, with possible referral to the Superintendent or School Board.

2nd referral: Written warning or one to ten day bus suspension, depending upon offense.

3rd referral: One to twenty day bus suspension.

4th referral: Referral to the Superintendent. Possible permanent loss of riding privileges.

Parents will be notified in writing by the principal when the bus company has written a disciplinary referral.

BUS EVACUATION DRILLS

School bus evacuation drills are conducted semi-annually. Students are given instruction and experience on how to quickly and safely evacuate the bus in the event of an emergency.

USE OF PRIVATE VEHICLES TO TRANSPORT STUDENTS

Any use of private vehicles to transport students to or from school, field trips, athletic events, or other school functions, must have prior authorization by the Superintendent or his/her designee. The Board specifically forbids any employee to transport students, except the teacher's own children, for school purposes without prior written authorization by the Superintendent or his/her designee. Individuals providing unauthorized student transportation do so at their own expense and liability.

Any employee or private citizen using their own or a rented vehicle to provide school-authorized student transportation must have automobile liability insurance of not less than \$300,000 combined Single Limit and provide a Certificate of Insurance naming the district as an Additional Insured. The district will maintain liability insurance, which will be in excess of the owner's primary insurance for authorized student transportation.

Persons under contract with the school district to provide school transportation services must have a valid School Bus Driver Certificate/License in accordance with applicable rules and laws. All vehicles must be approved by the New Hampshire Department of Safety as meeting all applicable school bus safety standards. If operating a vehicle owned by a contracted carrier of passengers, and designed to transport 16 or more passengers (including the driver), the provisions of Policy EEAE apply in place of this paragraph. Parents transporting their own children are exempt from this paragraph, per Department of Safety regulations.

Persons providing transportation on an incidental basis, i.e., not specifically as part of a contract to transport, must have a valid driver's license, and the vehicle used must have a current New Hampshire inspection sticker. A commercial license is required for any vehicle that has a capacity of 16 or more.

No student shall be sent on school errands using any automobile. No student will transport another student for school authorized transportation.

Reimbursement for use of private vehicles may be made, but only if the employee or other person has prior approval of the designated administrator.

FIELD TRIPS

Parents/guardians must sign a Field Trip consent form for each child participating in a field trip away from school grounds. No child may leave the school grounds on a field trip unless this form has been signed. Arrangements for financing all field trips must be made prior to the trip. If student contributions are involved, the necessary funds must

be in the hands of the school – or alternative arrangements made – before the trip will be taken.

Any overnight or out-of-state field trips must have the prior approval of the School Board.

SCHOOL SAFETY

DRILLS

Mason Elementary conducts a number of different drills including fire drills, reverse evacuation, bomb threat, lock-down, health hazard, medical emergency, and shelter-in-place.

Drills are administered in coordination with the fire department and police department.

SCHOOL SAFETY POLICY

Mason School District in accordance with RSA 193-D:1, V and RSA 193-F, V, has developed a policy with respect to the establishment of a Safe School.

A Safe School is considered to be the area inclusive of all school property including school buses.

In accordance with RSA 193-D:4 - Any public school employee shall report in writing an act of theft, destruction, or violence witnessed by or reported to such employee in a “Safe School” to an immediate supervisor. A supervisor receiving such a report shall immediately forward it to the school principal. The school principal shall file a report with the local law enforcement authority within 48 hours.

A copy shall be submitted to the Superintendent of Schools.

An act of theft, destruction, or violence is defined as any first or second degree assault or aggravated felonious assault committed knowingly.

This includes the sale or possession of a fire arm or dangerous weapon. Simple assault at the elementary school level will be dealt with in the manner described in the Discipline Code of this handbook.

Our school district in conjunction with local law enforcement

Authorities will establish provisions for reporting violations with the “Safe School”.

Students who violate the “Safe School” policy can be subject to suspension or other disciplinary action. Any student violating the “Safe School” policy will be allowed due process and appeals in accordance with this policy.

STUDENT CONDUCT

DRESS CODE

Student individual dress is primarily a parental responsibility that should reflect concern for the health and safety of students, staff and others. When the dress of an individual student constitutes a health problem, is unsuitable for school wear, is a danger to any person, or causes a substantial and material disruption or substantial disturbance, the principal shall take appropriate action to correct the situation.

Specifically, clothing should not be distractible to the education of others and should not make others feel uncomfortable. Student appearance and dress shall be neat and clean, and appropriate for school. Students will be given an opportunity to correct improper clothing situations by either changing the clothing, removing the clothing (if appropriate), wearing it inside-out, or other means as determined by the principal.

RECESS GUIDELINES

Because recess is an important part of a student’s physical and social education, weather permitting, all students are required to go outside. Exceptions are made only with a doctor’s note restricting outside play. The decision to have outside recess during cold weather depends on the temperature and wind chill factor. Students will be inside when outside recess is not possible. It is the parent’s responsibility to see that their child comes to school dressed appropriately for the weather each day; i.e. mittens, boots, warm jacket, snow pants, etc. during the winter months. Boots should not be worn in the classroom; therefore a change of footwear is necessary and maybe left at school.

PRINCIPLES OF STUDENT CONDUCT

The board endorses the following principles of Student conduct

- Respect for law and those given the authority to administer it shall be expected of all Students. This includes conformity to school rules as well as to general provisions of the law regarding minors.
- Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall be expected of all members of the school community.
- Respect for real and personal property, pride in one's work, and exemplary personal standards of courtesy, decency, honesty, and wholesome attitudes shall be maintained.
- Respect for individual worth is the obligation of the school. Diligence and a desire to benefit from the opportunity is the obligation of the Student.

The Board expects student conduct to be such as to contribute to a productive learning climate. Individual rights are to be honored and protected in all instances; however, the rights of one individual shall not take precedence over those of another individual or of the group itself, and all pupils shall have equal rights and equal responsibilities in the classroom or at any school-sponsored activity.

The Board further recognizes the right of each school to establish disciplinary procedures in accordance with RSA 19313 and RSA 193-D through the development of administrative, as well as rules and regulations governing student conduct, to be approved by the Superintendent of Schools or his/her designee. Due process and equal protection of the law shall be afforded to any pupil involved in a proceeding which may result in suspension, exclusion, or expulsion. Students expelled from school may be reinstated by the Board under the provisions of RSA 193-13.

PROHIBITED CONDUCT

The Board expects Student conduct to be such as to contribute to a productive learning climate. DISCIPLINARY CONSEQUENCES

Disciplinary matters, or incidents when any violation of school rules and regulations is suspected, will be handled initially at the most immediate level possible. Violations will subject the student to disciplinary consequences. A disciplinary consequence may include one or more of the following warnings; out of school suspension, expulsion, reporting to the criminal authorities, and any other action which the appropriate official deems reasonable and fitting.

The level of disciplinary response for any violation of school rules will depend on a variety of circumstances, including, but not limited to

- Whether any person was harmed or injured;
- Whether there was property damage or other loss of property;
- The level of any class or school disruption caused by the student's behavior;

- The number, if any, of prior infractions of school rules and regulations;
- Whether the student has been previously disciplined;
- Whether there were illegal substances (for example, drugs, alcohol, cigarettes, etc.);
- Whether the student had been earlier warned about the same or similar conduct;
- Whether there was a weapon or other dangerous item involved (for example, a smoke bomb, or fireworks); and or
- Whether the conduct is of the kind also prohibited by criminal law.

DETENTION OF STUDENTS

A school administrator or teacher may detain a student for disciplinary reasons during school hours. Further, a school administrator or teacher may detain a student for disciplinary reasons after school hours, provided the parent has been notified of the detention and in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

Parents may be asked to arrange for the transportation of the detained student.

Detention on one day is to be limited to 60 minutes.

SUSPENSION OF STUDENTS

SUSPENSION CONSIDERATION

When suspension is being considered, the Principal and/or Teacher will meet with the student to explain what rules and/or policies have been violated, and what evidence they have. Students will be given the opportunity to "tell their side of the story".

When children are suspended for a serious violation of school rules, their parents are called and the child must be picked up right away. If the school cannot reach the parent, then the person listed

as the emergency contact is called to pick up the child. The parent is given a copy of the Suspension Form which explains why the student is being suspended.

SUSPENSION

Suspension will be served off school property. Short term suspensions are any single suspension that last up through ten school days. A long term suspension is any period of suspension following a short term suspension. A long term suspension may be of any duration in a single school year.

Although students will not receive credit for any academic work during a suspension period, they will remain responsible for all materials covered and are, therefore, encouraged to keep up with class assignments. A student will have the opportunity to take any test or examination of major consequence during the suspension period, provided the test or examination primarily covers work which was assigned to prior to the period of suspension.

Students serving a suspension will not be entitled to attend any school event, or school sponsored or sanctioned activity during the term of suspension. Furthermore, students serving suspension are prohibited from entering school property during the term of suspension; in the event that a student does enter upon school property during a suspension, the Administration may determine to file a criminal trespassing charge with local law enforcement.

EXPULSION OF STUDENTS

EXPULSION

An expulsion is when the School Board has determined to exclude a student from the enrolled student body for any period of time. An expulsion may be for a stated number of school days, calendar days, the remainder of a school year, term or quarter, or may be permanent. The School Board may also attach conditions for an expelled student to meet prior to or in conjunction with the student's re-enrollment. In the case of expulsions through or longer than the remainder of the school year, the student will have the right to request re-enrollment prior to the commencement of the subsequent school year. All such requests for re-enrollment shall be made as provided under Mason School district policies.

Students who have been expelled for any period of time are prohibited

from attending any school event, or school sanctioned or sponsored activity during the period of expulsion. Students who have been expelled for any period of time are also prohibited from entering upon school property during the period of expulsion. In the event that a student does enter upon school property during a period of expulsion, the Administration may determine to file a criminal trespassing charge with local law enforcement.

MODIFICATION OR REVIEW OF EXPULSIONS

Pursuant to RSA 19313, IV the Superintendent may, upon written application of an expelled pupil, recommend modification of an expulsion. In such cases the following shall apply

- A. An expelled pupil has the right to request a review of the expulsion prior to the start of each school year.
- B. A request for review should be directed by the pupil to the Superintendent of Schools and should be received by the Superintendent on or before August 15. The request shall set forth each and all reasons why the pupil's right to attend school should be reinstated. Of particular importance would necessarily be such information as might convince school authorities that the conduct which led to the expulsion would not be repeated.
- C. The Superintendent of Schools and the Principal school shall direct written recommendation to the Board with a copy to the pupil.
- D. The expulsion may be continued. The pupil may be reinstated without conditions; or the pupil may be required to meet certain conditions prior to reinstatement. A code of conduct and consequences may be established for a reinstated pupil which are stricter than for the general student population.

STUDENT DUE PROCESS RIGHTS

Students facing discipline will be afforded all due process rights given by law. The Superintendent or his/her written designee is authorized to suspend any student for ten days or less for violations of school rules or policies. Should the Superintendent desire to suspend a student for more than ten days, such student will be afforded a hearing before the school board. In addition to the provisions of this policy, the Board recognizes the application of all pertinent provisions of RSA 193-13 and associated Department of Education Rules.

CHILD ABUSE OR NEGLECT REPORTING

A. Statutorily Mandated Reporting – All Persons.

Under New Hampshire Law (RSA 169-C:29), every person who has “reason to suspect: that a child has been abused or neglected is required to report that suspicion to DCYF (Division of Children, Youth and Families of the New Hampshire Department of Health and Human Services) or directly to the police. Under RSA 169-C:30, the initial report “shall be made immediately via telephone or otherwise.”

The requirement to report is not dependent on whether there is proof of the abuse or neglect, nor is it dependent upon whether the information suggests the abuse or neglect is continuing or happened in the past. Any doubt regarding whether to report should be resolved in favor of reporting. Failure to report may be subject to criminal prosecution and potential personal liability, while a report made in good faith is entitled to both civil and criminal immunity. Additionally, a “credential holder”, as defined in New Hampshire Department of Education Rule 501.02(h), who fails to report suspected abuse or neglect risk having action taken by the New Hampshire Department of Education against his/her credential. See N.H. Code of Conduct for Educators, Ed. 510.05 (e).

To report child abuse or neglect to **DCYF, call 24/7 (800) 894-5533** (in state) or (603) 271-6562. **In cases of current emergency or imminent danger, call 911.**

1. The initial report should contain to the extent known:
 - a. The name and address of the child suspected of being abused or neglected,
 - b. The person responsible for the child’s welfare,
 - c. The specific information indicating neglect/abuse or the nature and extent of the child’s injuries (including any evidence of previous injuries),
 - d. The identity of the person or persons suspected of being responsible for such neglect or abuse; and
 - e. Any other information that might be helpful in establishing neglect or abuse.

2. Modes of Reporting. When making a report to DCYF Central Intake, there are 3 modes of reporting that the Central Intake Service Provider will inform you about before you proceed to the actual report. The Modes of reporting are:
 - a. Disclosure Allowed – The Caller/Reporter provides all their identifying information to DCYF, and it may be provided to the child’s family upon request.
 - b. Disclosure NOT Allowed – The Caller/Reporter provides all their identifying information to DCYF; however, information is redacted in official paperwork provided to the child’s family unless the case goes on to prosecution. At prosecution, identifying information in all reports become public record.
 - c. Anonymous – The Caller/Reporter calls the (603) 271-6562 number, blocks their “Caller ID” when calling DCYF, and does not provide any of their identifying information (personal or organizational). If calling anonymously, be sure to get the “Report Number” from Central Intake for your call and document it on the <School/Org.Name> Reporting Form. It is the only proof the caller/reporter made the report to DCYF.
3. Required reporting mode for school employees, volunteers and contracted service providers. Notwithstanding that state law allows an anonymous mode reporting to DCYF, it is the policy of the District that employees, volunteers and contracted service providers who are making a report to DCYF regarding a child/family involved with the District make such report using the “Disclosure Allowed” or as “Disclosure NOT Allowed” modes. This will help ensure there is a legal record of the report being made on behalf of the District. If there are concerns about these reporting modes due to potential retaliation from the family or others, consult the Principal for support.

B. Additional provisions relating to school employees, volunteers and contracted service providers.

Each school employee, designated volunteer or contracted service provider having reason to suspect that a child is being or has been abused or neglected must also immediately report his/her suspicions to the building Principal or other building supervisor. This initial report may be made orally, but must be supplemented with an original completed form JLF-F(1) “Child Abuse and/or Neglect Reporting Form” as soon as practicable after the initial report, but no event longer than one calendar day.

1. Request for Assistance in Making Initial Report.

The initial report to the Principal/building supervisor may be made prior to the report to DCYF/law enforcement, but only if:

When receiving a request for assistance in making a report, the Principal or other person receiving the request is without authority to assess whether the report should be made, nor shall he/she attempt in any way to dissuade the person from making the legally mandated report. Once the Principal/building supervisor receives the information, the law would impose a reporting requirement upon both the original reporter and the Principal.

- (a) the initial report is made for the purpose of seeking assistance in making the mandated report to DCYF/law enforcement, **and**
- (b) reporting to the Principal, etc. will not cause any undue delay (measured in minutes) of the required report to DCYF/Law enforcement.

2. Principal's Action upon Receiving Report.

Upon receiving the report/request from the employee, volunteer or any other person, the Principal/building supervisor shall immediately assure that DCF/law enforcement is or has been notified, and then notify the Superintendent that such a report to DCYF has been made.

The Principal shall forward the original completed form JLF-F(1) to the Superintendent within twenty-four (24) hours if it is available. If the completed form is not yet available, then the Principal shall forward a written report including the relevant information, such as:

- the identity(ies) of the child(ren) and other persons directly involved in the report (suspected responsible parents or others);
- the identities of siblings or other children in the household of the child(ren) who is the subject of the report;
- information relating to the fact that a report was made to DCYF (e.g. the date, the mode, the person who made the report and the DCYF report number); and
- any other information requested by the Superintendent, law enforcement or DCYF.

The Principal will follow that initial report with the completed, original JLF-F (1) as soon as it is available from the original reporter. Such reports shall be maintained permanently in a separate file within the SAU office and not as part of any involved student's file.

3. Personal Notes of Reports.

Each person with knowledge of a report of DCYF (e.g. the original reporter, the Principal, the Superintendent, etc.) is encouraged to create and maintain personal notes reflecting the information they have relative to the nature of the report, as well as information pertaining to the fact of the report (e.g., the date, time, person making, and mode of the report), and the DCYF report number.

4. Additional Reporting Requirements

Employees/contract providers are also reminded of the requirements to report any act of "theft, destruction, or violence" as defined under RSA 193-D:4, I (a), incidents of "bullying" per Board Policy *JICK*, and hazing under RSA 671:7. See also Board Policy *GBEAB*. A single act may simultaneously constitute abuse, bullying, hazing, and/or an act of theft, destruction or violence.

D. Signage, Notification and District Reporting Form.

The Superintendent is directed to ensure that the Principal or administrator of each school shall post a sign within the school that is readily visible to students, in the form provided by the, Division for Children, Youth, and Families or available from the Granite State Children's Alliance, that contains instructions on how to report child

abuse or neglect, including the phone number for filing reports and information on accessing the Division's website. Additionally, information pertaining to the requirements of section A of this policy shall be included in each student handbook or placed on the district's website. Finally, the Superintendent shall ensure that Form JLF-F(1) is readily available to all staff members, either in hard copy form, or through the District's or school websites.

E. Training Required.

The Superintendent shall assure that all District employees, designated volunteers and contracted service providers receive training (in-person or

online) upon beginning service with the District, with biennial renewal training thereafter, on the mandatory reporting requirements, this policy and the materials described in Board policy GBCE and RSA 189:13-a, XII.
