A. PROGRAMS AND SERVICES

The District shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, required under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 (Section 504), Title II of the Americans With Disabilities Act (Title II), and New Hampshire Law. These laws include procedures for identification, evaluation, placement, and delivery of services to children with disabilities.

Disabilities are defined differently under the IDEA than under Section 504 and Title II. While the IDEA focuses on special educational services for children with disabilities and the related rights afforded to eligible students and their parents, Section 504 and Title II focus on the focus on the nondiscrimination rights of students as well as other individuals with disabilities who are not students, such as family members with disabilities, and members of the public with disabilities seeking information from, or access to, the services, programs, and activities of the public school.

Such rights can include the provision of regular or special education and related aids and services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of non-disabled students are met.

While all students who are eligible for special education and related services under the IDEA are protected by Section 504 and Title II, not all students protected by Section 504 and Title II are eligible for services under the IDEA. In other words, students may be disabled within the meaning of Section 504 and Title II even though they do not requires services and specially designed instruction pursuant to the IDEA.

An IDEA-eligible student is entitled to receive special education and related services when the student reaches three years of age and continues until the student's **22nd** birthday or until such time as he/she receives a regular high school diploma, whichever occurs first, or until the student's Individualized Education Program (IEP) Team determines that the student no longer requires special education in accordance with federal and state law. At the discretion of the Superintendent and/or his/her designee, students who reach the age of **22** during the academic year may be allowed to complete the remainder of the school year.

2. SECTION 504 SAFEGUARDS. For procedural safeguards relative to Section 504, the District utilizes the "Notice of Parent and Student Rights Under Section 504", an administrative document coded as IHBA-R.

The Superintendent or Superintendent's designee shall assure that the Notice of Parent and Student Rights Under Section 504 is updated annually to reflect current contact information consistent with the annual update of policy AC-E.
